NO. 3

CRETE MAY BE EXCUSE FOR WAR

TURKEY AND GREECE TO FIGHT FOR ISLAND

Cretans Desire Annexation by
Latter and Ran Up
Greek Flag.

(Times Leased Wire.)
Constantinople, July 28.—Indications to-day are that the threatened war between Turkey and Greece will be precipitated by the action of the people at Cana, on the island of Crete, in running up the Greek flag over their fortresses as soon as the foreign powers evacuated the city.

The Cretans sometime ago declared their independence of Turkey and demanded that their island be annexed by Greece. No formal action has been taken as yet but trouble is anticipated.

ICE CREAM WAS IMPURE.

Montreal Board of Health Making Active Campaign.

Montreal, July 28.—Information has been laid before the board of health of a new bid for public favor that is practised by some half-dozen proprietors of moving picture shows. Their plan is to offer free ice cream to patrons, about which there would be no complaint except on the ground of the ice cream being unfit for consumption.

This is the stand taken by Dr. McCarray, chief food inspector, who in a letter informed the committee that a few of the moving picture establishments supplied free ice cream which upon inspection had been found to be kept in receptacles inside the entrances and served in cones that had been exposed to the dust from the house and from the streets. "This practice is a consideration," said Dr. McCarray, "should be stopped in the interests of public health."

It will be remembered the department has been trying for a couple of years to prevent vendors from selling ice cream in the streets, which, so far, has not resulted in much success.

CORONER WANTS TO KNOW.

Burial of Body in Back Yard Calls For Explanation.

Yuba City, Cal., July 28.—Dug up by dogs, the body of a nine months' old infant was unearthed in this city in the yard of the home formerly occupied by J. T. Johnson. The body of the baby now lies in the morgue, and Coroner Howe has placed the matter before the district attorney for investigation. The child was found buried in an old shoe box, and while there is no evidence that it came to its death from other than natural causes, still Coroner Howe wants to ask Johnson a few questions. Johnson is now on his way east with the body of his wife, who died a few days ago.

STRATHCONA VACANCY.

Several Good Men Mentioned as Liberal Candidate.

Edmonton, July 28.—In the course of the next few weeks a convention of Liberals of Strathcona federal constituency will be held, probably at Wetaskiwin, to decide upon a candidate to contest the bye-election resulting from the death of Dr. McIntyre. Among the names that have been prominently mentioned are J. M. Douglas, president of the Strathcona Board of Trade; ex-Mayor Mills, of Strathcona; A. S. Rosenroth, ex-M. P., Wetaskiwin; George P. Smith, M. P., Camrose; Mayor Twomey, Camrose; J. C. Anderson and Rice Shepherd.

FIGHT FOR A CHILD ENDS IN A MURDER

Tragic Occurrence in an Arkansas Court Room—Father Killed.

Little Rock, Ark., July 28.—Suit for possession of a child reached a tragic climax during a conference of the principals in the suit in the circuit court yesterday, when W. Y. Ellis shot and killed Nathaniel Parker Willis, of Indianapolis, Ind., a prominent business man, father of the child and former husband of Mrs. Ellis.

The suit, at law, was terminated Monday, Judge Folk instructing that the child be surrendered by Mrs. Ellis to the custody of Willis. Yesterday's conference was to arrange the details. Those participating were Willis and Ellis, the latter's wife, divorced from Willis some years ago, U. S. Senator Jeff Davis who appeared as attorney for Ellis, and Judge Folk.

Arrangements were being conducted when Ellis fired over the shoulder of Senator Davis at Willis. Court attaches struck his arm, however, and the bullet went wild. Willis ran from the court room with Ellis in pursuit. Ellis fired again when he reached a doorway, inflicting a wound from the effects of which Willis died within ten minutes. Ellis surrendered and was imprisoned. Later, however, he was taken from the city by officers in an automobile for an unknown destination.

LOST IN THE WOODS.

Prominent Port Arthur Man Has Been Missing For Week.

Port Arthur, July 28.—George Horrigan, a well known citizen of Port Arthur, is lost in the woods of Black Bay peninsula, about forty miles from here, and large searching parties are now out looking for him. He left last Wednesday on a fishing expedition, going by launch down the shore, and on what was to be their last day out, separated to meet at noon, but when Horrigan did not turn up at 4 o'clock the remainder of the day was spent by the other two endeavoring to find him. They were unsuccessful, and brought word to the city, and parties were immediately sent out. Horrigan was an alderman for six years, and two years ago was candidate for mayor. He was formerly president of the Liberal Association, and prominent in business and political circles. He is married.

THREE MILLIONS PAID IN GRAFT

YEARLY TOLL TAKEN BY CHICAGO POLICE

Investigation Discloses Thousands of Illegal Resorts Being Protected.

(Times Leased Wire.)
Chicago, July 28.—Three million dollars is said to be the amount that has been paid in graft yearly to the police by the proprietors of the tawdry districts of the city. The investigation in connection with the present campaign against graft, it is said, has already disclosed fully 4,500 saloons, flats, rooming houses, gambling dens and dance halls paying for "protection."

It is understood that before any price was agreed upon the police took into consideration the daily receipts of the place to be taxed. The larger they were the more the proprietor had to pay. Another source of graft is what is known as the street ward ball, which has been conducted annually for many years.

Michael (Hinky Dink) Kenna and "Bathhouse John" Coughlin, the two elders of the first ward, usually do all the heavy work in the way of rounding up the habitués of the levee districts and see to it that they all buy tickets. The bathroom is always the scene of wild orgies.

INVASION OF ENGLAND PLANNED BY WOMEN

Anti-Suffragists Resent Visits to America of Militant Sisters.

Boston, July 28.—The proposed invasion of England by Massachusetts women anti-suffragists is the latest plan of the crusaders. England is sending over hundreds of suffragettes to preach the gospel of "votes for women" to America. To offset this, the women of Massachusetts have started an exodus of anti-suffragists to England to try to overthrow the work of the suffragettes there. "The Massachusetts Association opposed to the further extension of suffrage to women," is the title of this organization. The new anti-suffrage society is composed of leading Boston society and literary women and numbers in its ranks such names as Mrs. A. J. George, Mrs. G. Howland Shaw, the president; Mrs. J. R. Coolidge, Miss Anna L. Dawes, Mrs. Charles T. Guild, Mrs. Charles D. Homan, Mrs. Henry M. Whitney, Miss Agnes, Irwin, ex-dean of Radcliffe, and hosts of others equally well known.

HEADLIGHTS WERE DARK.

Trains Crash Together in Early Morning in Station Yard.

Ellensburg, Wn., July 28.—Unlighted headlights caused a head-on collision between No. 15 west bound passenger train and a passenger engine yesterday on the main line in the Northern Pacific yards here. Four persons were injured, and the passengers in the forward cars badly shaken. The injured included J. M. Logan, express messenger, Tacoma; J. F. Johnson, Montreal.

HEARTY WELCOME

AWAITING AT DAWSON

City Is Looking Forward to Visit of Governor-General Next Month.

Dawson, Y. T., July 28.—A telegram from Governor Henderson announces that the governor-general will reach Skagway August 10th en route to Dawson. He will be here three days, accompanied by his daughter, Lady Sybil Grey. This is the first visit of the King's representative to Dawson since 1900, and a hearty welcome awaits his excellency and party.

SENATE AND HOUSE AT ODDS

LUMBER DUTY OF \$1.50 TO OFFSET FREE HIDES

Indications That High Protectionists Have Won Their Way in States.

(Times Leased Wire.)
Washington, July 28.—The indications to-day are that the advocates of a duty on lumber higher than that provided by the house bill have won their fight. Unless an unexpected change is made in the lumber schedule before the tariff bill is reported to the house tomorrow, the rate on rough lumber will be \$1.50 per thousand. The 32 rate in the present bill was reduced to \$1 in the Payne bill, but when the bill went to the senate the rate was increased to \$1.50. President Taft was inclined to insist on \$1 lumber, and until to-day it looked as if the compromise figure of \$1.25 would be agreed upon.

The \$1.50 rate is understood to be in the nature of a concession to some of those western senators who are opposed to free hides, but who have been obliged to abandon their fight.

THIRD DEGREE WAS DENOUNCED HOTLY

'Frisco Lawyer, a Detective's Son, Dazes Police by His Fervor.

(Times Leased Wire.)
San Francisco, July 28.—The police department is still dazed from the heated denunciation of the methods alleged to be employed to get confessions from prisoners, that was hurled from the lips of Attorney Edward O'Dea when defending a prisoner charged with burglary.

O'Dea placed the prisoner on the stand and, under oath, the man stated that a confession had been wrung from him by policemen who beat him until he said he was guilty of the crime. According to the prisoner he was locked up in a cell and two of the officers held him helpless while the third struck him repeatedly in the face with clenched fists.

"It reflects no credit on the police of this city," said O'Dea, "when officers have to beat a man to make him confess. Such things are worse than anything ever perpetrated in a Russian dungeon."

An interesting circumstance connected with the case is the fact that the attorney who so bitterly denounced the police is the son of Detective O'Dea, a veteran member of the force.

SOUND BARKENTINE BELIEVED TO BE LOST

Port Townsend Boat Is a Month Overdue From Mexico.

(Times Leased Wire.)
Port Townsend, Wash., July 28.—It is believed here that the American barkentine J. M. Griffith, under command of Capt. Sanders and carrying a crew of 10 men, has been lost at sea. She put out from Carmen Island, Mexico, for Puget Sound 28 days ago. The barkentine was chartered to carry a cargo of poles from Port Townsend to San Pedro upon her arrival on the Sound. She was bringing a cargo of 900 tons of fish salt to Seattle.

AVIATOR ARRIVES HOME.

Crowds Cheer Bleriot When He Reaches Paris.

Paris, July 28.—Flushed with the triumph of being the first man in history to fly across the English channel, Louis Bleriot, the aviator, returned to Paris this morning. When he left the train he was greeted by thousands of people who had congregated at the station to meet him. Cheering madly and in other ways manifesting their delight over the success of their fellow countryman, the Parisians crowded close upon him and for a while it appeared as though there would be a repetition of the London scene when the police were compelled to interfere to keep the excited crowds from crushing Bleriot in their efforts to grasp his hands.

BRANCH TO CALGARY.

Grand Trunk Pacific Surveying New Line.

Edmonton, July 28.—According to D'Arcy Tate, general solicitor for the Grand Trunk Pacific, who is in the city surveying on the new branch out of Tofteld through Camrose to Calgary will be completed in a few days, and grading of the line from the Tofteld end will start at once. The company must construct fifty miles this year, and the solicitor says there will be no trouble in having this amount completed before snow flies.

SPEED TRIAL WILL BE ATTEMPTED BY WRIGHT

Is This Afternoon Trying to Fulfill Second Govern- ment Test.

(Times Leased Wire.)
Washington, July 28.—Captive balloons were placed to-day along the straight-away course over which Orville Wright said this morning that he would not make the test flight unless weather conditions were favorable. Wright's test to-day will be to fulfill speed requirements imposed by the government. He will be accompanied by Lieut. Benj. Foulers. "Endurance requirements were met by Wright in his flight at Fort Myer late yesterday. This afternoon's flight will be from Fort Myer to Alexandria, Va. The captive balloons plainly mark the course to be taken by the Wright machine and thousands of persons left here this afternoon to witness the attempt."

Under his agreement with the government, Wright is to be allowed three attempts to pass the test. He said to-day, however, that he was confident that he would not have to make more than one trial, as was the case in the endurance flight.

EARL GREY TO GO BY DOLAURA

HON. JAMES DUNSMUIR OFFERS USE OF YACHT

Governor-General and Party Expected in Vancouver August 5th.

It had been expected that Earl Grey and his party would make his projected trip north as far as Skagway by D. G. S. Quadra this summer. His plans, however, have been changed and his excellency will travel by the Dolaura, the well-appointed yacht belonging to the lieutenant-governor of this province.

This change in the programme will make it much more comfortable for his excellency and his party, the Dolaura being admirably fitted for a pleasure trip with more commodious quarters for entertainment than the Quadra.

Hon. Mr. Dunsmuir has made the offer of his yacht, which has been readily accepted and on the trip north his honor and a few members of his family will go north on the trip as the hosts of Earl Grey and his party. Mrs. Dunsmuir does not expect to make the voyage.

According to the latest information his excellency will reach Vancouver on the morning of August 5th. The Dolaura will be there in waiting with Hon. Mr. Dunsmuir and party. Unless the party of Earl Grey is exceptionally large the Quadra will not be required to make the trip.

They will proceed to Skagway and his excellency will then make the trip into Dawson. The lieutenant-governor has not yet decided whether he will visit Dawson or not.

On the return to the south the governor-general will be the guest of his honor at Government House.

The Countess Grey, on account of her illness, will not be able to come west with the governor-general. She may later join him on his return from the Yukon, and proceed to the Tofteld Creek in the interior of the province where a few weeks fishing and hunting is to be enjoyed by the party at his excellency's summer home.

REYES PREFERS LIFE TO UNSAFE OFFICE

Colombia's President Wires His Resignation From Europe and Will Stay There.

(Times Leased Wire.)
Washington, July 28.—The resignation of President Reyes, of Colombia, was formally accepted to-day, according to a dispatch received here.

Reyes wired his resignation to the president of the Colombian senate from Hamburg yesterday. He will remain abroad indefinitely.

Reyes' term does not expire for four years. Since he has been at the head of the government there have been two attempts made to assassinate him. His health has broken, and with the people showing a disposition not to support him longer he decided to resign his office.

LOOK OUT FOR LAND RUSH.

Washington, July 28.—Over 212,000 acres of land in Montana, which was withdrawn from the public domain during the Roosevelt administration, was thrown open for entry yesterday by the department of the interior. The land was withdrawn because it was alleged that a powerful combination had been formed to grab it for water power purposes. The land will be subject to settlement in the middle of November, when it is expected there will be a rush of settlers into the new district.

SPAIN UNDER MARTIAL LAW

CONSTITUTION HAS BEEN SUSPENDED

Drastic Measures to Be Taken to Quell the Uprisings.

(Times Leased Wire.)
Madrid, July 28.—Following a conference with the members of his cabinet, King Alfonso has declared martial law throughout Spain. Constitutional guarantees have been suspended by the monarch pending the quelling of the revolutionary movement, which is being felt throughout the kingdom.

LIKELY IT WAS EXORBITANT.

Geneva, Switzerland, July 28.—Mrs. Thomas Appleton, of Seattle, was arrested to-day, charged with refusing to pay a \$1,000 hotel bill. Her children have been placed in charge of an American preacher here.

WEST IS BEST SAYS PRESIDENT WHEELER

Believes True Americanism Is to Be Found To-Day West of the Missouri.

(Times Leased Wire.)
Berkeley, Cal., July 28.—"The west is the place to find Americanism," declared Benj. Ide Wheeler, president of the University of California, at a banquet given last night, at which he was the guest of honor, by the Berkeley Chamber of Commerce.

"Seek it to-day west of the Missouri," continued the speaker, "and when New York and Wall street and bails and bonds and bonnets have fagged you out and preyed your faith, come into the breezy west, where everybody knows it is a great country and everything will turn out right—come out here and renew your faith and refill your lungs."

Wheeler's address was particularly interesting for the reason that the banquet was given on the tenth anniversary of his incumbency of the office of president of the university.

CALGARY HAS FLOW OF NATURAL GAS

Constant Pressure of Five Hundred Pounds is Obtainable.

Calgary, Alta., July 28.—"Has the gas weltered out?" is the question sometimes heard on the streets of late. Had anyone of the questioners been in the vicinity when Manager Dingman, of the gas company gave an order to his foreman who applied a match to a flare and then turned on the gas as much as was advisable, the question would have been answered.

With a roar that could have been heard for miles a column of flame shot up about sixty feet into the air, lighting up the vicinity, and sending a herd of horses that were in an adjacent field galloping to the furthest corner, where they turned about and with snorts of fear viewed the spectacle from a safe distance.

Although the pressure was sufficient to make this great display, Mr. Dingman stated that it had not been turned on to its fullest capacity, for fear of blowing out some of the machinery. The gauge in the engine room showed a pressure of about 350 pounds, but 500 could easily have been obtained if the valves would stand it.

NO CIGARETTES: TOOK POISON.

San Francisco, July 28.—"My parents wouldn't let me smoke cigarettes," sobbed John O'Loughlin, 28 years of age and possessed of a physique similar to that of Jim Jeffries, when asked why he took a dose of bichloride of mercury.

O'Loughlin was taken to the central emergency hospital, where steps were taken which will probably save his life. According to attendance at the hospital, the young man admitted that the poison was self-administered and that he was tired of life because his parents would not let him smoke.

HOW KERN LOST NOMINATION.

Indianapolis, Ind., July 28.—That he lost the nomination to the United States senate through bribery, occurring in a contract, is the claim of John W. Kern, former Democratic candidate for the vice-presidency, that has created unusual interest and discussion here to-day.

Kern attributed his defeat to the fact that the nomination was made by secret ballot instead of by the public ballot demanded by his supporters. In this way, he stated, several of his pledged supporters were enabled to switch their votes under cover.

ORIGIN OF TUBERCULOSIS. French Scientists Are Investigating Question.

Paris, July 28.—Drs. Calmette and Guérin announced before the Academy of Science the discovery of an easy method for the determination of whether tuberculosis in individual cases is of bovine or human origin. They proved that the bacilli in tuberculosis of human origin do not infect cattle, by a series of experiments among which was the inoculation of a goat with germs of tuberculosis patients of a sanatorium at Saranac Lake, N. Y. The goat practically was unaffected and continued to give nourishment to its young, the health of which was in no wise affected.

Another goat was inoculated with a culture taken from a boy suffering from tuberculosis and this inoculation resulted fatally. From this the doctors were able to conclude that the boy's infection was not of human origin, but resulted from milk taken from tuberculosis cattle.

CHINESE TRADE COMING THIS WAY

THAT NOW FLOWING TO NEW YORK SHIFTS

All the Pacific Coast Ports Will Benefit by Change.

San Francisco, July 28.—Wm. Martin, for several years United States consul at Hankow, China, to-day stated that the channel of trade now flowing into New York will shift within a short time to the Pacific coast.

Martin arrived here on a leave of absence on the steamer Korea yesterday. He said:

"When China comes into her own, the channel of trade that now makes New York the great port, will flow across to the Pacific and will benefit all ports on the coast. This time is nearer than people believe. There is already much business activity. The immense resources of the country are such that when a change comes the world will be baffled."

JEFFRIES AND JOHNSON.

NEW YORK, JULY 28.—James J. Jeffries arrived in New York this morning and stated that this afternoon he would post his forfeit guaranteeing that he would fight Jack Johnson for the heavyweight championship of the world.

"OLAMAH" NOW IS CRY AND NOT "HELLO"

Oakland, Cal., July 28.—The correct phrase to employ when calling central on certain telephone lines in Oakland after to-morrow will be "olamah" instead of the time-worn "hello."

No matter how you enunciate "hello," whether forwards or backwards, softly or in harsh tones, you will receive but scant notice from central.

"Olahmah" is the word and the only word to give satisfaction, for the telephone girls will be Chinese.

Owing to the large number of Chinese who are subscribers to telephone service, a special branch for the Oriental quarter is being installed. Several almond-eyed maids from China have been employed, and will be in their places to-morrow morning to answer calls on the Chinese lines.

DR. SPENCER CANNOT COME.

Rev. Dr. Spencer, who was to have come over from Vancouver on Friday to address the Victoria Liberal Association on the local option movement, has found it impossible to come owing to business engagements which demand his presence in Vancouver.

HAWAII GIVES TAR COATING TO FANATIC

People Will Not Stand for Antics of Demented Religionists

Honolulu, July 28.—A religious agitator named Garvin, said to be from Los Angeles, was tarred and feathered recently at Kona, Island of Hawaii, by a party of angry men after one of his followers, a woman, became demented and thought she was Eve. The woman stripped off all her garments and was found walking on the public road in that condition.

She is now in an insane asylum while Garvin is somewhere in hiding waiting for the tar to wear from his skin. Garvin claimed he was the reincarnation of Christ.

BARCELONA IS IN GRIP OF MOB

DISORDERS RESULT OF MOROCCAN DEFEATS

Troops Get Worst of It From Tribes Abroad and Workmen at Home.

(Times Leased Wire.)
Madrid, July 28.—His throne tottering as the result of internal disorders caused by the war in Morocco, particularly the disheartening reverses met by the troops at Melilla, King Alfonso is hurrying to Madrid from San Sebastian to-day to call a special meeting of his cabinet.

News received to-day shows that conditions are much worse than at any time since the Moroccan trouble started, fighting having been renewed at Melilla, and the internal disorders in the province of Catalonia having grown in size and fury.

Nearly 1,000 Spaniards have been killed at Melilla since the war started, and fierce fighting is in progress there to-day. Heavy losses have been sustained by both Moors and Spaniards to-day, and it is expected that the total list at the end of the battle will be enormous. The latest battle was precipitated by the Spaniards holding thearrison at Melilla. They made an attack upon the Moors in their stronghold at Mount Gurgu early to-day and were repulsed with great loss of life.

The Moorish tribesmen, revolting against Spanish rule, are fighting with fanaticism born of the declaration of a holy war against the Spaniards, and the trained troops at Melilla have met with defeat after defeat in the various engagements.

Disorder at Barcelona. Indirect advices from Barcelona show that terrible conditions of disorder exist there to-day, and that many persons have been killed by the soldiers. Wild scenes are being enacted and the city is practically in the hands of mobs of workmen who declared a general strike recently to show their disapproval of the government's policy in Morocco. Dispatches received at Genoa, France, from Barcelona, and forwarded here, state that the city is at the mercy of the lawless mob.

All trains attempting to depart from the city have been stopped by the rioters and the passengers forced to leave the trains or be killed. Several trains have been wrecked with great loss of life.

Telegraph and telephone wires have been cut by the strikers who are determined to prevent news of conditions there from reaching the outside world. A telegraph wire was repaired and worked intermittently for a short time to-day but was evidently torn down later by the rioters.

Public feeling is at a high pitch here to-day and the outcome of the cabinet meeting is awaited with anxiety.

RALPH SMITH TO SPEAK.
Will Address Winnipeg Young Men's Club on British Columbia.

Winnipeg, July 28.—The Young Men's Club of Grace Methodist church has completed arrangements for one of the most interesting series of lectures ever held in the west. The lectures will be by Canadians on Canadian subjects. They are J. S. Willison, editor of the Toronto News; Hon. George E. Foster and Ralph Smith, M.P., for Nanaimo.

Mr. Willison is coming west in September, and will speak on "East and West." Mr. Foster will lecture early in October on "Some Phases of the Imperial Problem," while Mr. Smith will lecture in November on "British Columbia's Position in the Dominion."

ELKS ARE FEATURE AT EXPOSITION TO-DAY

Vancouver Militia Bugle Corps Are Assisting in the Fun.

(Times Leased Wire.)
Seattle, July 28.—The Elks are in charge of the exposition to-day and they improved their opportunity to make the occasion a memorable one. The fun began this morning with a monster parade down town, in which 800 local Elks and several hundred visiting Elks took part. All were garbed in white duck suits and purple ties and the procession was a spectacular one.

At 2 o'clock this afternoon the Elks' Society circus parade took place at the exposition. This contained 23 features, freakish and baroque. Ten exposition guards in charge of a sergeant, headed the procession, followed by four mounted Norman Heralds and grand marshals with six sides also on horseback.

The Duke of Connaught's Own Rifles bugle corps with Lieut. W. J. McManis, of Vancouver, B. C. in charge, came next in line with officials of the exposition in automobiles and on foot the Elks following. Then came the circus in this standard. Two stages and two rings were used and funny stunts abounded.

REGULATIONS AS TO RIFLES AT BISLEY

Canadian Winners in Competitions Continue to Take High Places.

(Special to the Times.)
Bisley, July 28.—The National Rifle Association council have decided that no service rifle of any pattern other than the official pattern in use by the British army will be admitted in the service rifle competitions unless an officially certified specimen of such rifle be deposited with the National Rifle Association at least three months before the commencement of Bisley meeting and approved for use at the meeting.

In the "doubles" unqualified competition, open to pairs of all comers at a range of 600 yards, with seven shots for each competitor, Sergt. W. Kelly, Toronto, and Col. Sergt. Freeborn, Hamilton, won first place and prize of 90s; Capt. J. McVittie, Toronto, and Lieut. Neil Smith, Chatham, sixth, 40s.

In the "Wantage" service rifle championship aggregate and Marten's rapid-firing competition, eight shots at 200 yards, where magazine rifles may be used in any position, Sergt. A. M. Blackburn, Winnipeg, secured thirteenth place, winning 20s; Lieut. Mortimer, twenty-first place, 20s; Sergt. Stack, Truro, fifty-fifth, 20s.

In the "Pixley" a similar aggregate competition to the above, with eight shots at 200 yards, Sergt. A. M. Blackburn, seventh place, winning 20s; Sergt. Stack, fifteenth, 20s; Sergt. T. S. Mitchell, Hamilton, fifty-fourth, 20s; Lieut. Mortimer, fifty-fifth, 20s.

TAFT STANDS FOR A DOLLAR LUMBER DUTY

Conferees Agree on Some of the Other Tariff Amendments.

Washington, July 28.—President Taft plainly indicated to callers to-day that unless the tariff on lumber and gloves was reduced he would not sanction the report of the conference committee which is considering the tariff bill. President Taft will insist that the rate on lumber be made 41 or 42.5. He regards the efforts of the House conferees to maintain high rates on gloves as a plan to assist a coterie of glove makers in New York state. The conference committee to-day agreed on all but two of the Beverage amendments to the internal revenue laws. The tax on tobacco, cigars and cigarettes will be increased.

WATCH THE CLAIRVOYANT.

(Special to the Times.)
Montreal, July 28.—Following the directions of a clairvoyant, two detectives and a diver leave the city this afternoon to attempt to locate the body of Francis Fournier, who was drowned last November. Foul play was suspected. The authorities are so certain the clairvoyant is right that they are sending the detectives with the diver. The medium states the body is weighted with iron.

TEACHER COMING WEST.

(Special to the Times.)
Windsor, Ont., July 28.—P. M. Eagle has resigned from the collegiate institute staff to accept a similar post in Nelson, B. C.

LITTLE TOT'S FATAL PLAY.

(Special to the Times.)
Toronto, July 28.—The three-year-old daughter of Mrs. Charles Hill, while playing with matches set her clothes on fire and was burned to death.

The city council will hold a special meeting to-morrow night.

FULL WEIGHT PROMPT DELIVERY

CONFERRING ON THE DEFENCE OF EMPIRE

Representatives From All Parts Meet in London—Proceedings Private

(Special to the Times.)
London, July 28.—After the close of the imperial defence conference to-day it was officially announced that the conference had decided to regard the proceedings as strictly private.

THAW TRYING TO PROVE HE IS SANE

He Is Being Examined by Jerome To-day—Shows Much Coolness

(Times Leased Wire.)
White Plains, N. Y., July 28.—"I was acquitted, I think, because counsel for both sides were told that I was suffering from delusions at the time," admitted Harry Thaw to-day, referring to the verdict against him for killing Stanford White, while on the witness stand in his own behalf at the inquiry into his sanity.

When Thaw took the stand this morning Justice Murtough's room was crowded with curious women. Thaw was somewhat nervous when he first took his seat, but after answering a few questions regained his composure and crossing his legs swung his left arm slowly to and fro as he faced District Attorney Jerome.

Attorney Morschauer, counsel for Thaw, waived direct examination, being unwilling for Jerome to examine his client after he had been tired out by questioning.

Jerome piled the witness with questions which Thaw, after overcoming "stage fright" at the outset, answered deliberately. Jerome dramatically re-deliberately the killing of Stanford White, leading Thaw with questions through the details of the night of the tragedy, and finally asked:

"Were you crazy when you shot an unarmed man with his back toward you?"

Thaw was aroused by the prosecutor's action, but regained his self-control before answering. Then he calmly explained that he knew White was armed and he was sure the architect glared at him before he fired. "I was legally 'crazy' at the time, though," he said.

Throughout the time he was on the stand Thaw whispered explanations of his testimony to Justice Mills, showing his desire to impress the court, but caring little about Jerome's opinion. In the course of the questioning it was brought out that Thaw left Harvard on account of poor playing. He denied Jerome's insinuations about perverted practices at Harvard.

Several clashes took place between Jerome and Thaw's counsel during the session. These grew most bitter when Jerome was trying to bring out incidents relating to Thaw's escapades while in Europe.

FOURTH TEST MATCH.

(Special to the Times.)
London, July 28.—The fourth test match looks like a draw unless something unforeseen happens. The Australians, who batted first, put together 147, and England 112. On going in again first thing yesterday, before the rain started, Australia compiled 77 for two wickets. On resuming this morning, the score was taken to 188 for five wickets.

AT THE WILLOWS.

First race—Four and a half furlongs. Two-year-olds and upward.
1. Mr. Hose.
2. Fire.
3. Orsford.
Time, 1:56 4-5.

Second race—Six furlongs. Three-year-olds and upward.
1. Cheers.
2. Be Brief.
3. Nellie Racine.
Time, 1:17 2-5.

TENNIS RESULTS OF MORNING'S PLAY

Miss Hotchkiss and Miss Ryan Took Love Sets From Opponents.

While the ground was rather slow this morning at the Belcher street tennis courts, it is constantly improving under the influence of the genial sunshine, and this afternoon the courts are in pretty good condition. Miss Hotchkiss playing with Miss Ryan easily won their games, making a love score each time. The following are the results of the morning's play:

Ladies' Doubles.
Miss Hotchkiss and Miss Ryan beat Miss Welder and Miss G. Pitts, 6-0, 6-0.

Men's Singles.
Tyler beat Lowrie, 6-4, 6-1.
Bird beat James, 6-0, 6-0.
Andrews beat Wilbur, 6-4, 6-1.

Men's Doubles.
Tyler and McRae beat Leeming and Wilson, 6-1, 6-2.

S. J. Munn, of Montreal, and for many years a resident of this province, is visiting Victoria to-day accompanied by his son, Wilfrid. Mr. Munn comes West to attend a meeting of the Alberta Central railway at Red Deer, and to look over certain interests in the West on behalf of Montreal capitalists. He is greatly pleased with the advancement of Victoria, to which he came as a boy twenty-six years ago. He will take in the Seattle fair before returning to Montreal.

THE SUTTON CASE.

Naval Scandal Threatened by Attorneys for Mother.

Washington, July 28.—Formal protest against the ruling of the judge advocate at the Annapolis court of inquiry into the death of Lieut. James N. Sutton, to the effect that the investigation would henceforth be considered a trial board, was prepared to-day by attorneys for Mrs. James N. Sutton.

Attorney Mayer demanded that the navy department issue an order compelling the court to resume its sessions as an inquiry body instead of as a trial board. He characterized the action of the judge advocate as an outrage and threatened a naval scandal bigger than the first one opened up in connection with the case. The attorneys alleged that facts regarding Sutton's death are being smothered by the officials.

ABOUT MASSIVE SILVER

You will find here an array of Sterling Tea Sets and Walters unequalled in B. C. For the most part they are English Hall-marked, though a few are of Canadian manufacture. Every piece is massive and solid—they are meant for use and will give life-long service.

We don't sell cheap or flimsy silverware. We know that such are not satisfactory to our customers or ourselves. Some of our articles may seem high in price compared with others of lighter weight that look just the same, but weight and worth considered they are as low in price as any, and far lower than many. We would like to show you our

WRIGHTS MAKE A NEW RECORD

ORVILLE OUTDOES THAT OF BROTHER

Remained in Air With Passenger, in Endurance Test, Over an Hour.

Washington, July 25.—The world's aeroplane record for two men, as to both time and distance, was broken last evening in a beautiful flight of one hour twelve minutes and forty seconds, upwards of 50 miles, and at a speed averaging about 40 miles an hour, by Orville Wright at Fort Meyer, with Lieut. Frank P. Lahm, of the Army Signal Corps, as passenger. The former record was made last year by his brother Wilbur, joint inventor with him of the machine in which both achievements were performed, at Le Mans, France, with Prof. Pain Leve of the French Institute as passenger. That flight was one hour nine minutes and thirty-one seconds. Wilbur was an eager spectator of the flight by his brother.

"You just scorched your brother's record without really damaging it much," remarked a newspaper man to Orville, after the flight.

"That's all we meant to do," replied Orville, with a smile, which his big brother appreciatively duplicated.

The cheering which he received for the making of a new record in the conquest of the air was led by President Taft, who had sat an interested spectator throughout the flight, and who insisted at its conclusion on personally congratulating the brothers upon their success. This success was all-important to the Wrights, in that it completed the first of two crucial tests of their machines imposed upon them by the United States government in the so-called "endurance test," which required them to remain one hour continuously in the air with one passenger. Orville did nearly thirteen minutes better than that, and could have kept on indefinitely, or three hours and a half, the limit of the gasoline supply of the tank.

The other test, that for speed, will be undertaken to-day, weather permitting, when Orville is to take Lieut. Benjamin Foula of the Signal Corps, on a cross-country flight to Alexandria and return, a total of ten miles over a measured course, and at a speed required to average forty miles an hour. Orville could have made that flight last evening, but it was almost dark when he alighted after a flight which would have carried him almost twice across the English channel. Dramatic intensity was added to the witnessing of Orville's achievement by the realization of everybody present that upon his last attempt to navigate the air with a passenger, that passenger, Lieut. Selfridge, was killed, and he himself terribly injured.

His devoted sister, Miss Catherine Wright, who nursed him through the period of his recovery from that disaster, anxiously watched him from the doorway of the shed where the aeroplane is kept, and when he returned, unharmed from his flight gripped him eagerly by the arm, nestled her face against his breast and said: "Bully for you, brother; it was beautiful."

It is questionable if this word of praise was more to him than that which came a few moments later when the president of the United States, who had waited for him at the far end of the parade ground, took him warmly by the hand, and with the other grasping that of his brother, Wilbur, said: "Congratulations you heartily, sir. It was a great exhibition. You came down as easily and gracefully as you went up. You beat the world's record."

SUICIDED IN VANCOUVER.

Vancouver, July 25.—Herbert Wilhelm, aged about 50, was found dead in his room in the Cameron House, fully dressed, shortly before noon yesterday. The coroner decided that the man had been dead several hours. Wilhelm registered at the Cameron House from Francis Lake, Cariboo, early last October, and has been in Vancouver since. Nothing is known of him except that he and a man named McClelland were in the cattle business together at Francis Lake. When an entrance was forced to the room, a bottle half filled with carbolic acid was found on the dresser near the bed.

TEN YEARS FOR ROBBERY.

Hamilton, July 25.—Mark Tompkins, who a week ago assaulted and attempted to rob Fred Porteus, a butcher, was sentenced yesterday to ten years in penitentiary. Tompkins has already served twelve years' sentence for assault and robbery.

THOUSANDS CHEER

A BRAVE AVIATOR

Latham Greeted by Large Crowd When He Lands at Dover.

Dover, Eng., July 25.—Hubert Latham was given an ovation by 50,000 people when he landed here from the British warship, which rescued him from the waters of the English Channel last evening while trying to cross over from France in an aeroplane.

As in the first attempt made by Latham to cross the channel, the weather conditions for the flight to-day were unfavorable. Rain which began to fall a short time before he ascended, developed into a downpour before he had travelled far. Latham ascended from Sangatte, a high cliff near Calais. He soared high in the air and disappeared in the clouds, then when he was about two miles outside the Dover breakwater the aeroplane suddenly dived almost straight downward into the sea. The aviator was uninjured by the fall.

MAY HAVE AEROPLANE

RACE AT THE FAIR

Directors Are Trying to Get Cross-Channel Contestants to Come Out.

Seattle, July 25.—Offering \$5,000 cash for a contest between two or more aeroplanes, to be held at the Alaska-Yukon-Pacific exposition this summer, the management of the exposition has sent cablegrams to Louis Bleriot, the first aeroplane builder to cross the English Channel, and three other aviators, asking them if they will consider coming to Seattle to participate in the first contest between aeroplanes ever held in the world.

The other messages went to Hubert Latham at Calais, the man who nearly crossed the channel in the afternoon; to C. Curtiss, the New York inventor, whose machine accomplished a flight of thirty-eight miles, and to George R. Filtz, manager for Orville and Wilbur Wright, who are now making flights with their machine at Fort Meyer. "Our plan is to start the aeroplane contest in the exposition stadium," said Director of Special Events Buckley. "Of course, there are no precedents to follow in arranging an aeroplane race, but I believe that a contest over a triangular course would prove the most satisfactory. No one will be set for the event until the aviators are heard from in reply to the invitation wired to-day."

BERLIN'S POPULATION.

Business Depression Blamed for Capital Standing Still.

Berlin, July 25.—The people of Berlin have met with an unwelcome surprise in the disclosure that the growth of the city's population has come to a standstill.

The official figures show that in 1909 the population is 2,007,000, which is a decrease of about 80,000 from 1907. Of the suburbs belonging to "Greater Berlin," all but one show decreases. Altogether they and the city proper aggregate more than 3,000,000, but the result is a disappointment to local enthusiasts, who have been claiming that the city would reach 6,000,000 in the next twenty-five years. The decrease is attributed to the depressing effects of the recent business crisis.

A ROCKEFELLER RUMOR

Oil King May Separate From Some of His Dollars For Poor.

New York, July 25.—That John D. Rockefeller, the oil king, is preparing to distribute a good part of his numerous millions in charity, is predicted today by those who profess that they have acquaintances with the Rockefeller. It is said Rockefeller already has transferred many millions to his son, John D. Jr., so that the younger Rockefeller may have the honor and fame of being the dispenser of princely gifts.

According to the accepted version of the rumored plan, the money will be given directly to the poor through certain Rockefeller channels. Like all Rockefeller ventures, the distribution of wealth to the masses will be handled by a company duly incorporated. Just what method of charity will be followed has not been ascertained.

FORGOT THE CHEESE.

Hammond, Ind., July 25.—Tom Mauger, proprietor of the Indiana Harbor Express Company, bought a piece of Limburger cheese. It cost him \$150 before he was through with it. Mauger's wife refused to tolerate it in the house, and so he tied it to a nail outside of his house and the hot weather did the rest. Mauger forgot about the cheese and his wife told him that there was something wrong with the plumbing, and in searching for the trouble, the plumber practically wrecked the house. The plumbing and other bills amounted to \$150.75.

MEXICAN POLITICS.

Monterey, Mexico, July 25.—General Bernardo Reyes, governor of the state of Nuevo Leon, whose admirers started a riot in which two physicians were killed and 20 injured at Guadalajara last night, to-day expressed his regret at the occurrence. Gen. Reyes declared that he was not seeking the vice-presidency of Mexico and that the campaign inaugurated with bloodshed on his behalf last night was not authorized by him.

DROWNED IN BUEYARD INLET.

Vancouver, July 25.—The body taken out of the water near Hastings mill yesterday has been identified as that of a brother of J. W. Hackett, of the firm of Robertson & Hackett, who deceased. Duncan Hackett, was aged 64.

PHONE 1000.

THE F. T. M. P.

George H. Bradbury, Conservative M. P. for Selkirk, Man., who is in Victoria for his health, has told the junior Minister of Public Works that the F. T. M. P. was instrumental in bringing the Minister of Public Works to British Columbia, and that it was he, Mr. Bradbury, who "hammered into the government" the "needs of the fishing industry of the Dominion," etc. We are sorry Mr. Bradbury is ill and sincerely trust the health-laden breezes of the Pacific will restore his physical and mental equilibrium, which at present seems to be somewhat upset.

INDIAN TREACHERY.

After a brief trial, conducted with all the simplicity and dignity characteristic of British courts, the assassin of Sir Curzon Wylie has been condemned to death. The sentence will be executed in due time, and Madar Lal Dhingra will pass from earth excommunicated and detested for the heinousness of his crime, instead of having gained fame, as he doubtless hoped to do, as a martyr in the sacred cause of liberty and justice. There is little doubt that Madar Lal was the victim of one of the secret but influential revolutionary societies, calling themselves "intellectuals," which exist in India and elsewhere.

where. We know something of the doings of the leaders of these intrigues in British Columbia. At the heads of them are one or two lazy, worthless characters, sometimes calling themselves priests and leaders, who live by sponging upon their industrious, law-abiding and thrifty fellow-countrymen. The Indian population of the province is but small, but wherever a rupee is to be made without labor, there the "intellectuals" are to be found. They pose as patriots, of course. The old English description of a patriot of a certain kind is more applicable to the Indian vagabond than to the type in any other country under the sun.

The family of Madar Lal in India is under no delusions as to the character of the fame it has gained by its connection with the assassin of Sir Curzon Wylie. Writing to a newspaper in Allahabad, Dr. Dhingra, father of the murderer, referring to letters enclosed with the correspondence, says: "You will observe how deeply we are indebted to Sir Curzon, whom my accursed son killed in a fit of madness. I shall feel grateful if the Pioneer will express the family's abhorrence of the dastardly deed, depriving us of one of the kindest of friends."

It is satisfactory to note that the British government has placed a very liberal pension at the service of the widow of the murdered officer.

"In a recent convention of lawyers held at Old Point Comfort," said the venerable Cardinal Gibbons, "Justice Brown, while referring to myself in kind and courteous language, has taken exception to my views on divorce and re-marriage. He is reported to have referred to the Founder of the Christian religion as an 'idealist' whose sentiments, while suitable to less favored times and circumstances, are not adapted to this enlightened age. The learned jurist will permit me to say that the teachings of Christ have been the basis of all Christian legislation for nearly 2,000 years, and continue to be the light and guide of hundreds of millions of souls. We are indebted to this Divine Legislator for the Christian civilization that rules the destinies of Europe, North and South America, Australia, and large portions of Asia and Africa. Neither Solon, nor Lycurgus, nor Justinian, nor Napoleon, nor any other framer of laws ever exerted a tithe of the influence which the Gospel of Christ exercises on the human race. And there is no subject which He treats more fully and clearly than the question of marriage, which is the very foundation stone of our family and social life. In three of the Gospels He proclaims the unity of marriage and permits separation of a married couple only in the case of adultery. I don't see why a law which has been enforced and cordially accepted in every age and country, where Christianity dominates should be considered obsolete or impracticable in the United States. The multiplication of divorces," the Cardinal continued, "is largely ascribed by some writers not to our divorce laws, but to the eager and reckless manner in which ministers of God officiate at marriage services. I have no word of apology or excuse for the scandalous conduct of some clergymen in this respect. But are not those persons confounding cause with effect? Divorces are multiplied not because ministers willingly assist at ill-assorted marriages, but because loose legislation on matrimony renders it easy for married parties to annul the marriage bond. If the civil laws of all our States were as strict as they are in South Carolina and in Canada the persons contemplating marriage would seriously and prayerfully reflect; they would study each other's disposition and temperament before entering into a contract which would bind them for life. And certainly the peace and good order in the family life in South Carolina and Canada can be favorably compared with the domestic conditions existing in those States where divorces can be easily obtained."

The publication of the views of the venerable ex-president of Harvard University upon the subject of a "new religion" has had the effect of setting the pens of many ready writers in Victoria and neighborhood going furiously. Most of these controversialists are disciples of various forms of "new thought," and they evidently hope to make the Times the chief medium for the dissemination of their doctrines. To such aspirations we would have no objections but for the exigencies of space. The first duty of a newspaper is to its readers, and they prefer news to theological opinions, however attractive, broad or original. Next to news, readers for the most part probably prefer the discussion of questions affecting their immediate material welfare rather than the reading of elaborate, mystic speculations as to the movements or activities of the soul after death. This may be unfortunate, deplorable or calamitous. It may to some extent be the fault of the newspapers, but they must deal with the facts as they find them, bowing with such grace as they may to popular, automatic will. Our correspondents will understand from the foregoing explanation why some of their communications have not been published. Time is short, space is limited, readers are impatient.

The London Standard cites the case of Lieut. Shackleton of Antarctic fame as another illustration of the fact that education to be of the greatest value in this world's affairs must be practical. Quite a number of writers, our London contemporary says, have commented on the fact that Lieut. Shackleton did not shine in his classes at school, and wonder how, in spite of this, he has achieved such success in practical life. If one were to ask the explorer himself he would tell you that he obtained his real education when he farmed in Canada. This he did for four years, and in that time learned the lesson of "fending for himself."

From farming Lieut. Shackleton turned to the sea, serving on a coasting steamer in British Columbia before he obtained the appointment on the Castle Line which led to his acquaintance with Capt. Scott of Antarctic fame. It is a fine thing for a young fellow, no matter what his position or prospects in life, to learn to "fend for himself."

Revelstoke, B. C., is ordinarily a rather hot place during the dog days. Just now the atmosphere in Revelstoke is seven times super-heated. The editor of the Observer has been arrested and is being prosecuted upon a charge which he asserts is trivial. He further claims that the prosecution has been maliciously instigated by a "machine" under the control of Hon. Tom Taylor, loudly heralded as the greatest Minister of Works British Columbia has ever had. The outcome of the vendetta will be awaited with breathless interest in other parts of the province. Editor Hagen evidently firmly believes in his own final vindication. In the meantime he placidly observes: "The Observer will huff down the rattlesnakes in Revelstoke, extract their fangs, and leave them harmless."

Mr. William Dockens, of Craigflower road, writes us a letter "re-pounding and Highland-District milking." The Times would be pleased to publish Mr. Dockens's letter if it believed that a settlement of the case in accordance with the dictates of justice would be facilitated thereby. But the matter can't be disposed of in that way. A recital of the facts from the point of view of Mr. Dockens, who undoubtedly has not been dealt with justly, while it might affect public opinion, would not tend towards his reimbursement for the loss he has sustained. An appeal to the courts might result in his securing satisfaction, but without adding materially to the fatness of his pocketbook.

The striking miners of Cape Breton will, of course, claim that they had nothing to do with the outrageous attempt to blow up the residence of the manager of the coal company at Glace Bay. They will say, and no doubt with truth, that the deed was that of some irresponsible sympathizer with their cause. But the odium of the terrible transaction will adhere to them and alienate the sympathy of the public, without which no strike can be ultimately successful. It was a most unfortunate affair. There is only one way for the union to rehabilitate itself in popular favor, and that is by doing all in its power to assist in the detection and punishment of the incendiaries.

Hamilton Times: It is sad to learn that the Franco-Canadian treaty does not please Uncle Sam. Under its terms, Canadian manufacturers of agricultural implements, electrical machinery, etc., enjoy considerable tariff advantages which, added to the cheap Canadian prices of steel, wood, etc., will, it is feared by United States manufacturers, turn a large part of its trade to Canada. It is highly probable that the great manufacturing industries of Hamilton will profit largely by the terms of the treaty.

The Times's dispatches, published many days ago, dealing with the acute situation in Crete as a result of the pending retirement of international forces, were ridiculed by newspapers which failed to receive that news, just as they generally fail to receive all other news of importance. Now the critics are publishing belated details of a very grave crisis between Turkey and Greece arising out of Crete's announced intention of changing her allegiance from the former to the latter country.

The juggling of the protected interests of the United States with the affairs of the great American nation is indeed a most impressive lesson to other nations which have fortunately escaped the snare of extreme protectionism. He will be a bold politician who will again stand up in Canada and advocate a tariff as high as Haman's gallows. The burlesque at Washington may be ended, if all be well, before the snow flies.

Certainly if we had not had G. H. Barnard, F. T. M. P., as our parliamentary representative we should not have had so many visits from cabinet ministers during the present year. Neither would we have had that vote of \$75,000 for Victoria harbor which Mr. Barnard secured. Perhaps it is but natural that members of the government are curious to see the constituency which elected Mr. Barnard.

It will be a comparatively easy matter for the government of King Alfonso to put down that uprising at home, but the tribes of Morocco are an entirely different kind of proposition. These fanatical Moors are fierce fighters against a vacillating enemy.

Elephants in captivity must have their hides soaked with oil at least once a year to keep the skin soft and pliable.

What Other People Think

NONE FROM THE STATE.

To the Editor:—To settle a little question, will you kindly inform me whether the members of parliament for the Old Country receive any remuneration?
J. B. LAST.

THE ROCK QUESTION.

To the Editor:—I enclose copy of letter written by me to the council, which apparently through some office routine has not reached them, and may not do so until the rock question is no longer a live issue. My former letters on this subject, through the promptness and courtesy of the officials, did reach the council, though for some reason as yet unexplained these have never been made public in the reports of the proceedings. I submit it is not always in the public interest to keep the matters of the council in the dark by withholding information as to offers and negotiations.
C. C. PEMBERTON.
Victoria, B. C., 27th July, 1909.

Victoria, B. C., 25th July, 1909.
His Worship the Mayor and Board of Aldermen of the City of Victoria:
Gentlemen:—I see by the press that you have accepted a tender for rock to be used in the construction of a new rock in a most accessible place, with a 100 ft. face to blast from. The matter presumably was referred to a committee; that committee did not take the trouble to even ask about it.

It would have been more businesslike (and more courteous) to have notified me at once that you did not intend to consider any of the offers. It was unfair to treat a business proposition in this way, because the offer was made for the purpose of developing the property in question and was bona fide.

Will you please return the photo I sent you?

Yours truly,

C. C. PEMBERTON.

SUNDAY CLOSING.

To the Editor:—Is it in the public interest that we should have a Sunday closing law as have so rigorously enforced? With your permission, Mr. Editor, I would like to offer a few observations on the affirmative side of this question.

Some people appear to see in this question nothing more than the very simple one of whether the citizen who takes a walk with his children on Sunday shall be permitted to buy a little fresh fruit, or even if he wishes to do so. The man who can see this question in that light alone is to be pitied, particularly when he poses as a leader or instructor of the people. His teaching suggests the simile of the blind leader of the blind, leading his followers to disaster. Our representatives at Ottawa took a broader view of this question, a more statesmanlike view of it. They had a clearer vision of the future of Canada when they passed the Lord's Day Act. That is why the best men on both sides of parliament united in giving it their support.

Just now we are nation building. It is not yet apparent what we shall be, but it is beginning to dawn upon some of our people what are the great possibilities before us. Before another century, or even a half century, has passed, Canada will be a great world-nation. Our fathers laid the foundation of a nation and we have just begun to build the superstructure. What shall that structure be? Shall we allow the great host of people who are yearly coming to us from central and southern Europe, the Greeks, the Poles, the Italians, and others, to bring with them and plant among us their old-world prejudices, their factional quarrels, together with their "conventional" Saxon or Anglo-Saxon ideas? Shall we allow them to throw all these things to the winds and begin life over again in this new country in conformity with Anglo-Saxon ideals? Is it best for this country, is it best for these people themselves, and what is of greater importance still, is it best for their children, that after coming to this country, they should establish homes where foreign ideals and practices prevail, or that they should be made to conform, as far as possible, to our ideas of good citizenship? We offer them free grants of land, we afford them the protection of our laws with British citizenship, which is an even greater boon than Roman citizenship was in days of old; we give them splendid opportunities for business. Are we asking too much when in return for all these benefits we ask them to comply with our laws and conform to our ideals of national righteousness?

Never more than at this particular moment in our history did the state demand good citizens. It is looking to our public schools as one of the great factors in producing them, and in view of the large amount annually spent on these schools, it has a right to expect much from them. Our schools can only indirectly influence the adult foreign population coming to us. They can, however, under certain conditions, exercise a mighty influence upon their children. They can take the children of these foreigners and make of them good, honest, loyal Canadian citizens, provided the home life of the child be reasonably what it should be. But is the home life of the child just what it should be when he sees at home no distinction whatever between Sunday and all other days, when he sees his father doing on Sunday precisely the same thing he does all the rest of the week? Does not this parental example go far to nullify the influence of the schools, and largely produce the second generation the prejudices and tendencies which their parents brought with them from across the ocean?

But Sunday is his best day for business, and it would be a great loss to him to be compelled to close on that day. Granted, but that is one of the sacrifices we ask him to make in return for all our civilization gives him. We believe that it is best for him and best for his children that he should close. We think, too, that there are other things in this world more valuable than money, things that he loses through his greed in buying and selling through seven days in the week. Would not Sunday be a good day also for the proprietor of a saloon, a theatre, a billiard hall or betting alley? There is no greater hardship in closing the fruit stores on Sunday than in closing these other places when looked at from the money point of view. If money be the great object sought, why discriminate in favor of the Italian or Greek fruit seller? What about the great crowds of Sunday visitors who come to us in ever increasing numbers these days?

This city is in the interest of the Sunday visitor from the Sound or anywhere, or it ought not to be. This city ought to be governed in the interest of its taxpayers and of the men, women and children who live here all the year round. Whatever will best promote the moral and material interests of the great body of our people, first of our city and secondly of our country as a whole, should be given first consideration by those charged with the responsibility of framing and administering our laws. All honor, then, to our mayor and the members of the council who are standing with him in seeking to carry out the people's request for a Sunday closing law.

Special Sale of Laces and Embroidery

At Prices That Are Sure to Make a Clean Up

To-morrow means a clearance in the Lace and Embroidery Dept. Prices are of such a nature as to make doubly sure that all these will leave the store quickly.

Corset Cover Embroidery 25c

Spain Defeats Moorish Tribesmen, But Suffers Heavily.

Madrid, July 28.—The Spanish forces were victorious over the Riff tribesmen in the battle at Melilla to-day, the attacking Moors finally being driven back. Both sides suffered heavy losses, the fight being the bloodiest that has taken place since the war began.

IMPORTANT IF TRUE.

Toronto, July 28.—It is rumored that the C.N.R. has secured running rights over the C. P. R. between Sudbury and Port Arthur, which would give the Mackenzie & Mann road a through line from Toronto to all its western lines. No confirmation of the rumor is obtainable from the C. P. R. end, David McNicholl, vice-president and general manager, saying it was the first he had heard of it.

A large block of balsam fir about 4 feet in diameter, was brought in from the Metheston district this afternoon and sent to the Seattle fair to be added to the exhibit of the Vancouver Island Development League. Secretary McGaffey is at the fair now having the exhibit placed.

Hon. William Templeman, Mrs. Templeman, R. W. Brock, director of geological survey, and B. C. Nicholas, secretary to Mr. Templeman, left at 2 o'clock to-day for Vancouver en route to Prince Rupert and other northern points.

PILES

Several tombola prizes have been presented and each one present will stand a chance of winning a handsome and useful prize. Among the features of the picnic will be a kite-flying competition, a bun-eating contest and an almond hunt which will no doubt create barrels of fun. Trains will leave the E. & N. depot at 9 a. m. and 4 p. m., and a special train will return leaving Goldstream at 8:30. Tickets can be had from members of the Sunday school or from Mr. T. S. Mills, 1296 Government street.

The annual outing of the members of St. Barnabas church will take place on Saturday, August 7th at Goldstream, to which every one is invited. The Ladies' Aid Society has undertaken to serve meals to visitors for which a nominal charge will be made. FINES ARE PAID BUT ACCUSED DO NOT APPEAR**Magistrate Condemns Practice—Explanation by Police Captain.**

The practice of the police of accepting fines and excusing the accused persons from appearing in the police court, which has been frequent in cases of drunkenness, was the subject of comment by Acting Magistrate Palmer from the police court bench this morning when two sailors were called on charges of drunkenness, and the acting magistrate was told by Capt. Palmer that fines of \$3 in each case had been accepted and the men allowed to join their ship last night.

Capt. Palmer said the fines were paid and the men allowed to join the vessel. The acting magistrate said he could not accept fines without the appearance of the men. He held all charged must appear before the court, and refused to have the two fines recorded in the police records. The money will be turned into the city treasury by the captain of police.

Capt. of Police Palmer's explanation of the matter is as follows: "It has been the practice for some time to accept the usual fines from sailors and other drunks who have to go away prior to court time, as they are often persons of limited means who do not mind leaving a small fine, whereas it distresses them to put up \$11 bail, which would be ordered ereated on their non appearance, besides in many cases losing their employment, and often the case of swearing men a large amount of pay by missing the vessel. With Indians it often means missing going to their respective homes."

The First Presbyterian Christian Endeavor Society will hold its weekly meeting in the schoolroom on Thursday evening at 8 o'clock. All are cordially invited to attend. A meeting of the executive will be held at the close of the service. Business of importance will be transacted. All officers are kindly requested to be present.

Last night an arrival from Alaska on the steamer Queen telephoned to the Empress hotel asking if he could get a room for a few days. The answer he received was that there were 50 applicants ahead of him waiting for rooms. That was before the arrival of the Marama from Australia. It is understood that the other hotels in the city are also doing a similar business.

A motor launch and flotilla of small boats took the Philathea and Baraga Bible classes of the First Baptist church for a moonlight excursion to the head waters of the Gorge last night. After a most enjoyable hour refreshments of fruit and confectionery was passed around. Returning, the time was spent with song, music and repartee.

The North West lacrosse team will play at Ladysmith Saturday against the lumber city twelve. The local team has so far this season secured an unbeaten record, and are quite confident of continuing in their winning streak this week at Ladysmith. They will take up a strong twelve, and are practicing night up till the last day before the game. A practice was held last night, when Dakers, Menzies, McGregor, Sylvester, Mould, Sweeney, McDonald, Hodgson, Kelly, Johnston, Brynolfson and Noel were on the ground.

REVENUE TAX CASE**IN POLICE COURT**

Lim Bang Sued but Held Not Responsible for His Company.

Lim Bang, president of the North Saanich Brick & Tile Company, was acquitted in the police court this morning on a charge brought by Richard Carter, collector of inland revenue tax, of refusing to pay the revenue tax of \$3 each on fourteen men in the company's employ at the brick yards. The collector failed in his case from not knowing that the business at Sidney had been turned into a joint stock company. He sued Lim Bang personally and the acting magistrate held that Lim Bang was not personally responsible, even though he is president of the company.

Richard Carter gave evidence that he had gone to Sidney and found eighteen Chinese employed in the yard. Four had produced receipts for payment of the tax. The foreman had referred him to Lim Bang, who had put him off till a further date. When he called again Lim Bang was in Seattle seeing the fair. At the next call he had been kept waiting half an hour and left without getting the money. He had then taken proceedings, since when Tim Kee, secretary and treasurer of the company, had called at the provincial assessor's office with the taxes, which he had given instructions were not to be accepted as the case in court was pending.

Mr. Peters, K. C., appearing for Lim Bang, raised objections that all men must have been in the employ one week before the tax can be collected, and all employees liable must be over 18 years of age. The collector, he said, had failed to tell the ages of the Chinese or to say how long they had been employed. His third objection, sustained, was that Lim Bang was not personally responsible for the company's obligations, as he had been when he was the sole owner in 1908.

Lim Bang said in evidence he had agreed on behalf of the company to pay as soon as he had checked the matter with the foreman, Lim Ng, but having gone to the A.-Y.-P. fair he had not had time to do so. On the dismissal of the action Mr. Peters, K. C., asked for costs against the collector, which were not allowed.

TO-MORROW'S RACE ENTRIES.

The entries for to-morrow's races at the Willows are as follows:

First race—Six furlongs. Selling. Four-year-olds and upward.
4535 Mike Hennessy 114
4531 Black Cloud 106
4536 Toby 104
4524 Mike Asheim 109
4535 Mr. Bishop 101
4554 La Rose 109
4773 Rosalire 99
4827 Golden Wine 109
4784 Golden 104

Second race—Six and a half furlongs. Selling. Four-year-olds and upward.
4561 Bay Garter 102
4753 Zick Abrams 106
4541 Lord Kensington 106
4595 Aftermath 106
4525 Joe Nealon 102
4824 Othmar 109
4538 Silver Sue 104

Third race—Five-eighths furlong. Selling. Three-year-olds and upward.
4550 Alclibades 109
4538 Herives 102
4540 Novgorod 101

AFTER THREE YEARS

No Automobiles have had such a trying out as the familiar RED HUMBERS

For three hard seasons in all weathers, with all sorts of drivers, they have been running, and NOW are still conceded the leaders of all the cars in town. Brought up to date, these same cars won the blue ribbon of the English and Continental motor world at the Irish reliability trials a few weeks ago, beating all competitors (including the Cadillac) by a handsome margin. We are the sole agents and can deliver in ten days a special Colonial Model designed expressly for Vancouver Island. The price is extremely moderate.

SLOWEST TIMES ON HEAVY TRACK

MY BOUQUET BEATS FRIEZE OVER MILE

Lady Elizabeth Sold—Minoru Blanks Coming—Race Ball.

The slowest times on record for the Willows track were recorded in yesterday's races owing to the rain making the course heavy. My Bouquet ran a mile in four seconds slower than the record; Josie S. won seven furlongs in 5 1-5 slower than the record; R. H. Flaherty was 5 1-4 slower than the record winning the six furlong event; Lovely Mary went worse, and was 5 4-5 slower than the six furlong time; Auburndale occupied four seconds longer running four and a half than Listowel's record, and Electrowan making the best time for the day was 104 4-5 for five furlongs, while the record is 101 2-5.

Electrowan and Fire fought out a fine race in the five furlongs, and came up the straight together neck and neck. Archibald on Electrowan took the rail in the back stretch and made Fire take the long journey. Keeping the rail gave Archibald a neck win. Fire brought Lady Elizabeth, which got the worst of the start half a length, third.

The balance of the races were all easy wins with more than enough to spare. Auburndale was five lengths the best of Lookout and Toby, while Lovely Mary, Flaherty and Josie S. were half length winners, and My Bouquet had three lengths the best of Frieze in the last race, with Lord Rossington third. Archibald with the Electrowan win yesterday passed Brooks in the jockey list, and now leads the riding talent. He is also head of others in seconds and thirds.

Archibald's ride on Silver Sue was responsible for W. M. Cain securing second money in the six furlongs. Coming home he picked up three and a half lengths on the leader, but the distance was not long enough to gain a win.

Lady Elizabeth, third in the second race, was bid up to \$100 by Harry Mack and the fully changed owners. Joe James disposed of Abith yesterday to James Walker. Abith was a 100 to 1 winner in the south this spring, but only got two places here this meet.

Stake blanks for the Vancouver meeting will be distributed this week. Entries close August 7th. Horses will not be allowed on the Minoru track before August 10th.

To-morrow night the racemans ball will take place at the big hall on the exhibition grounds. Mrs. Sanford, of San Francisco, is at the head of a committee of ladies, and invitations have been mailed. George Archibald heads the decoration list, and a contingent under his directions is enthusiastically preparing the big hall for the event.

The exposition selling stakes for 3 year olds and upwards, one and a sixteenth miles, is the feature event for Saturday, except apona will be declared Friday morning with weights.

Details of yesterday's racing are: First race—Four and a half furlongs. Selling. Three-year-olds and upward. Value to first \$150.
Horse and Jockey. Op. Cl.
Auburndale, Lycurgus (117) 6-5 12-10
Lookout, Coles (111) 12 12
Toby, Vosper (104) 8 4
Julia, C. W. Kelly (117) 6 5
Anna Karenina, McEwen (107) 5 9
Sadie H., Archibald (107) 4 7
Mike Hennessey, D. Riley (117) 8 12
Prince Rupert, Kersten (119) 20 40
Fred Uhrig, Roberts (119) 50 60
Time, 1:04 3-5.

Second race—Five furlongs. Selling. Three-year-olds and upward. Value to first \$150.
Horse and Jockey. Op. Cl.
Electrowan, Archibald (107) 8-5 8-5
Fire, D. Riley (109) 5 9
Lady Elizabeth, Vosper (105) 8-5 12-10
Otranto, Anderson (103) 12 13
Swift MacNeil, J. King (108) 15 25
Triloba, Coburn (105) 20 30
Mr. Hose, W. Kelly (108) 20 30
Time, 1:04 4-5.

Third race—Six furlongs. Selling. Three-year-olds and upward. Value to first \$150.
Horse and Jockey. Op. Cl.
Lovely Mary, J. King (107) 5 9
Silver Sue, Archibald (100) 5 9

With the conclusion of the provincial rifle meet has been decided the personnel of the team which will represent British Columbia at the annual prize meeting of the Dominion Rifle Association at Ottawa, which takes place next month. The team has heretofore been made up of eight militiamen and one civilian, and the following are the men who have qualified for this honor:

Capt. Hart-McHarg, 6th D.C.O.R.
Sergt. Major McDougall, 5th C.G.A.
Capt. Corbett, 6th D.C.O.R.
Lieut. Cunningham, 6th D.C.O.R.
Col. Sergt. Moscrop, 6th D.C.O.R.
Sergt. Collins, R.C.G.A.
Lieut. Scholer, 4th D.C.O.R.
Arm. Sergt. Youhill, 6th D.C.O.R.
Capt. Boul, 6th D.C.O.R.
Lieut. Milne, 6th D.C.O.R.
H. J. Ferris, V.R.A.

ATHLETICS.
ARRANGING BIG MATCH.
L. A. Wattale, manager of the Royal Athletic park, is working to arrange a foot race here between Alex Rowan, of Nanaimo, and John Marsh.

The distance is fifteen miles. Rowan has agreed to the terms offered by the promoter, who is now in communication with Thomas Marsh, brother of the champion now in Vancouver, to get the Easterner's signature to a match here August 28th.

TENNIS COURTS ARE KEPT BUSY

TYLER AND GOWARD BOTH WIN SINGLES

B. C. Championship Games Are in Progress at Belcher Street.

Of the nine matches played in the gentlemen's singles yesterday in the opening round of the annual B. C. tennis championships at Belcher street, all but four went easily to the winners, of the others two went by default and the remaining two went the length of three sets before victory was gained. J. Tyler, who won the championship on the mainland last week, easily defeated Gilliat, of Vancouver, here yesterday 6-4, 6-1. A. T. Goward marked his re-appearance in the game with an easy win from Kirkbride, beating the other Victorian 6-2, 6-2.

While Miss Pitts was with the winners in the mixed doubles, playing with Lowrie against R. and Mrs. Schwengers, she was among the defeated in the ladies' doubles, with Mrs. Sampson being beaten by Mrs. Crow Baker and Miss Pooley. Miss Ryan, the Santa Monica player, won at her first appearance, beating Mrs. Talbot, of Victoria, in a match which went three sets, 6-2, 4-6, 6-3.

The results of the matches played yesterday were:
Men's singles—Tyler beat Gilliat, 6-4, 6-1; Bird beat Hewitson, 6-0, 6-1; Hopper beat Leeming, 6-0, 6-0; Goward beat Kirkbride, 6-2, 6-2; Williams beat Macrae by default; Thwaites beat McCallum, 6-4, 6-3; Rhodes beat Foot by default; Cardinal beat C. Schwengers, 6-2, 6-7, 6-1; James beat Faulder, 5-6, 6-2, 6-1.

Men's doubles—Nelson and Thibot beat Williams and Russell, 6-3, 6-4; Camby and Leeming beat McDonald and Bald, 6-1, 6-1; Bird and C. Schwengers beat Wilbur and Andrews, 6-2, 4-6, 6-2.

Mixed doubles—Jukes and Miss Bell beat Matterson and Miss Pooley, 6-6, 6-3; Lowrie and Miss Pitts beat Mr. and Mrs. B. Schwengers, 6-2, 6-3; Wilbur and Miss G. Pitts beat Darcy and Miss Nage, 3-6, 6-4, 6-2.

Ladies' singles—Miss Ryan beat Mrs. Talbot, 6-2, 4-6, 6-3.

Ladies' doubles—Mrs. Crow Baker and Miss Pooley beat Mrs. Sampson and Miss Pitts, 6-1, 6-4; Miss Hobson and Miss Gillespie beat Miss Holmes and Miss Harvey, 6-2, 6-1.

The card being played this afternoon is as follows:

2 p.m.—Court No. 1, Hooper and Marshall vs. Schwengers and Goward. Court No. 2, Nelson and Miss Pitts vs. Macrae and Mrs. Talbot. Court No. 3, Cardinal vs. Hope.

2 30 p.m.—Court No. 1, Bird and C. Schwengers vs. winners of 2 p.m. doubles. Court No. 2, Kirkbride and Keefer vs. Hewitson and Matheson.

4 15 p.m.—Court No. 1, Tyler and Miss Jukes vs. Cardinal and partner. Court No. 2, Gilliat and Jukes vs. Greeley and Darcy.

5 p.m.—Court No. 1, Hooper and Miss Hotchkiss vs. Faulder and Mrs. Crow Baker. Court No. 2, Camble vs. Keefer. Court No. 3, Darcy vs. Jukes.

AUSTRALIA V. ENGLAND.

The scores in the fourth test match between Australia vs. England, being played at Manchester when the game was stopped yesterday for rain, were, Australia first innings 147, second innings two wickets for 77. England first innings 219.

TYPOGRAPHICAL UNION.

Reports of Officers Show What Has Been Done During the Year.

The annual reports of the international officers of the Typographical Union have been mailed from headquarters in Indianapolis to delegates to the international convention of the organization, which will be held in St. Joseph, Mo., August 9-14. The reports were also mailed to the presidents and secretaries of the various local unions. This method is employed instead of reading the reports at the convention of the organization.

The report of the president, James M. Lynch, takes up in an interesting manner the more important happenings of the year, and makes various recommendations for the future.

Under the head of a brief summary of office work Mr. Lynch shows that during the last year there were issued from the president's department 27,596 official communications, 24,437 circulars and 3,769 packages of printed matter relating to label advertising and organizing work. Considerable space is devoted to the efficient work that has

been done by the organization in its health campaign, and the work it has accomplished in its war against tuberculosis. President Lynch says, as to unsanitary workrooms: "Our unions will be justified in making particular scales for these exceptionally unhealthy composing rooms, scales materially higher than those that apply to the modern, healthful and up-to-date composing room."

Among other matters that are taken up at considerable length in the report of the president are the label propaganda of the organization, the operation of its old age pension and the proposal to establish an insurance feature.

In regard to insurance, Mr. Lynch says in his report that there will be submitted to the convention by the executive council, acting under instruction from the Boston convention, a report on the insurance idea. He gives various arguments that have been advanced on both sides of the question.

The executive council goes at considerable length into the matter of insurance of burial benefits in its report. "The investigation of life insurance or the payment of an increased mortality benefit, as conducted by the council," says the report, "convinces the members of the council that insurance for the members of the International Typographical Union is feasible and that the main question is as to the expense per member. This investigation also convinces the council that any sum paid to the members of the organization as an insurance feature should be

in the nature of a death or burial benefit. This will leave us free from complication with the insurance laws of the various states, and will be a matter of great economy in the administration of the insurance funds."

The council expresses itself in favor of a flat burial benefit of \$1,000 a member, or a graded benefit ranging from \$200 to \$2,000 a member, according to length of membership. It suggests, however, that it might be well to obtain the sentiment of the membership as to the insurance of mortality benefit, and that this can be readily accomplished on the ballot on which the laws enacted by the convention will be submitted to the referendum vote.

The report of the secretary-treasurer, J. W. Hays, goes into such detail concerning the condition of the organization, both as to members and finances. It shows that the total expenditures during the year ending May 31st, 1909, were \$458,061.73, and that a balance of \$268,278.31 was left in the treasury. It shows that the number of burial benefits paid during the year was 509, representing \$38,175. This was a smaller number of burial benefits than for any preceding year since 1903, and was twenty-nine less than in 1908. It shows that the average number of members in good standing during the year was 44,321, and the average membership for the last three months 47,174. In regard to the old age pension, the report shows total expenditures of \$69,550.35, and a balance on hand in the fund, May 31st, of \$169,767.17.

The average earnings per year per member were \$327.

TENDERS

SEALED TENDERS will be received by the undersigned up to noon on the second day of August for the purchase of a quantity of timber on the Indian Reserve at Campbell River. This timber, consisting of one million feet more or less, has been felled and cut into lengths ready to haul. A few trees in the block are still standing.

The tenders will state the price per thousand feet board measure according to the official scale of British Columbia, which will be paid in cash for the timber as it is at present on the ground. The timber must be removed before the thirty-first day of March, 1910.

The lowest or any tender not necessarily accepted.

W. M. HALLIDAY,
Indian Agent.

Tenders Wanted

Sealed tenders addressed to the undersigned will be received until noon on Tuesday, August 3rd, for the sale of ice cream, soft drinks, etc., at the Grocers' Picnic at Sidney on Thursday, August 12th. The highest or any tender not necessarily accepted.

S. H. DE CARTERET,
Secretary.

Care of Wilson Bros.

Teachers Wanted

The undersigned will receive applications from teachers with British Columbia certificates until Wednesday, the 4th of August, for the following vacancies:
South Saanich school, \$90 per month and free house; Elk Lake school, \$80 per month; Prospect school, \$85 per month.
W. M. CAMPBELL,
Secy. South Saanich School Board.
Royal Oak P. O.

Esquimalt and Nanaimo
Railway Company
ALBERNI BRANCH.PROPOSALS FOR GRADING
AND BRIDGING

Sealed tenders will be received by the undersigned up to noon on Monday, September 6th, for the grading and bridging of the Alberni Branch from the 10th mile to Alberni (27 1/2 miles), according to plans and specifications to be seen on and after August 10th at the office of Mr. Bainbridge, Division Engineer, E. & N. Railway, Victoria, and Mr. H. J. Cambie, Chief Engineer, E. & N. Railway, Vancouver.

The lowest or any tender not necessarily accepted.

R. MARPOLE,
Vice-President.

Vancouver, B. C., July 26th, 1909.

WANTED

Applications for the position of Clerk of Works for the Moss Street School will be received by the Victoria School Board up to 31st of July. Salary \$5 per day.

NEWS FROM SURVEY
PARTY IN FAR NORTH

Member of Geological Survey
Tells of His Work
There.

Ottawa, July 28.—A very interesting letter has just been received at the geological survey here from M. V. S. Stefansson, leader of the joint expedition sent out to the north over a year ago by the American Museum of Natural History and the Geological Survey of Canada. The letter was "post-dated" on February 12th, but only reached Ottawa a few days ago. It is dated from Port Barrow, about the most northerly inhabited point on the mainland in the region of the Arctic circle, and tells a graphic tale of the trials and hardships of the exploring party while at the same time giving a description of the habits of the Eskimos of the farther north. The letter is written on ruled paper torn from a note-book and has travelled to Ottawa by the hands of Eskimos, Indians and white men, by dog train, boat and railway. There are only three mails a year. It is in part as follows:

"I have made a sled party out here to send out mail; there are two outgoing mails, November 1st and February 15th. We have been getting along fairly well. Our winter quarters are on the lower Colville at the mouth of the Itiklik river. Many of the people there have never seen white faces before though they are disappointedly sophisticated by contact with civilized Eskimos.

Our plans remain unchanged. I leave here as soon as the mail goes, proceed to the Colville and when I have completed physical measurements, etc., of the people there, start on the proposed trip to Baillie Island. Dr. Anderson will stay another year and we hope to spend the winter either near the mouth of the Coppermine or on Victoria Island.

Dr. Anderson and I are not spending the winter together. I thought it wiser to divide the party for hunting purposes so he with his Eskimos went into the mountains south of Barter Island, hoping to live on sheep and fish, while I with four (one a baby) went to the Colville."

Mr. Stefansson goes on to say that he has not seen Dr. Anderson since October, but supposes he is doing well, as his party found themselves in danger of starving they were to rejoin that of Mr. Stefansson.

The next communication from the exploring party will probably not be received till next September. Should whalers be encountered word probably be sent to San Francisco through them, in which case it would reach Ottawa by November.

Mr. Stefansson goes on to say that he has not seen Dr. Anderson since October, but supposes he is doing well, as his party found themselves in danger of starving they were to rejoin that of Mr. Stefansson.

The next communication from the exploring party will probably not be received till next September. Should whalers be encountered word probably be sent to San Francisco through them, in which case it would reach Ottawa by November.

WRECK OF ORLEANS
IN THE SOUTH SEAS

Marama Brings News of Escape
of Captain and Part
of Crew.

A few days before the Marama sailed from Sydney telegraphic reports were received from Tasmania of the wreck of the guano steamer Orleans and the saving of the captain and the second mate and four of the crew. The captain's narrative in part is as follows:

"We left Mahe, the chief port of the Seychelles, on April 15 with a cargo of guano for Dunedin, and experienced fine weather till we got down to about lat. 25 to 30 degrees south. Then came a succession of storms, with very high seas. On June 12 the ship sprang a leak.

"We worked the pumps for all we knew, but the water gained, and on the third day the mixture of guano and water choked the pumps. When we sprang the leak I consulted the captain and decided to try and make Hobart, then about 200 miles away. When the pumps choked we did what we could with buckets, but made very little impression, and the water continued very rough.

"A particularly heavy sea caused the cargo to shift, and threw the ship over on her side. With every roll the mixture of guano and water in the hold splashed from side to side.

"On the morning of the 15th I had the boats provisioned and got ready, and then we resumed bailing. We were then in lat. 44 S. and long. 152 E. I continued working trying to trim the cargo, till night. The list of the vessel was so great that she was under water to the middle of the hatches, and she would not steer.

"We lowered the boats, which were well provisioned, and had about ten gallons of water on each boat. My boat carried myself, the second mate, and four of the crew. While in the boat I took in charge of the first mate, were six of the crew—our total number being 13. The wind was too strong to hoist sail, so we drifted all night. We were not in the ship half an hour before she disappeared.

"We kept the boats fastened together, and our party towed the mate's. Once the strain was so great that the rope parted. We cheered and encouraged each other as we could, and the men behaved splendidly.

"On Wednesday morning about 10 o'clock we sighted land, and pulled at the oars till noon. From an observation I took I think the mountain must have been the Frenchman's Cap, and have been about 10 miles away. The weather was calm after we sighted the land, but rain fell, and the first mate suggested that we should be separated and pull. We did this, and my boat got a little to windward of the other. The mate then set sail again, and put his boat on the port side. A little while later we set sail, and went on the same tack.

"Upon looking round for the mate's boat we could not see anything of it. One of the men said he had seen the mate's tacking, and put his boat to the north. Shortly after this we tacked, but saw no more of the other boat. Our water was now practically exhausted, but rain fell, and we caught about a gallon in the sail. We considered that the other boat must have gone towards the land, and was safe, so we decided to make for the land ourselves, still going northward. About 9 o'clock that night (Wednesday) we sighted Cape Sorell light, which lay to the south of us. All our matches were wet, so we could not light our flare lamps, and as we did not know the coast we took down our sails. At about 2 a.m. we put out drift anchors, and drifted till daylight. Then we made sail again, continuing towards the northeast. We were tossed by a strong wind up to 11 a.m., when the wind changed to the north, and we tacked and stood to the east until we made Trial Harbor, then we steered down the coast and sighted the lighthouse.

"We made in that direction, but after a while we saw a small light and steered for that.

"The steward had been lying in the bottom of the boat for some time, and was helpless condition, and I believe he would have died during the night."

The second boat had not been found up to the time the Marama left.

On Wednesday morning about 10 o'clock we sighted land, and pulled at the oars till noon. From an observation I took I think the mountain must have been the Frenchman's Cap, and have been about 10 miles away. The weather was calm after we sighted the land, but rain fell, and the first mate suggested that we should be separated and pull. We did this, and my boat got a little to windward of the other. The mate then set sail again, and put his boat on the port side. A little while later we set sail, and went on the same tack.

MARAMA ARRIVED
FROM AUSTRALIA

PROSPERITY TO COUNTRY
BROUGHT BY RAINS

Tourists Arrive From South to
View Scenery of
B. C.

While the steamer Marama, which arrived yesterday evening from Australia with passengers and freight not only from that country, but from New Zealand and Hawaii, also brought news of many stirring events in the South Seas, the most interesting news was that the country was prosperous and that a good season was in store for them. Australia is a farming country and its prosperity altogether depends upon the rains arriving at the proper season to ensure a good crops. Just before the Marama left the rains arrived and the whole country of the South Pacific to the Indian ocean promises to have a splendid year. This should help considerably in the matter of trade between that country.

The Marama brought 22 passengers, seventy of whom were from Honolulu. These were mostly people coming to see the fair at Seattle. A good many people from Australia and New Zealand are simply on a visit to British Columbia and will return on an early steamer. At least half a dozen are going back on the Marama, when she leaves in a fortnight's time. They are going up to spend a week in the Rockies, making Banff their terminus. People often come to British Columbia from Europe on a sightseeing tour but it is something new for them to come from Australia.

The Marama brought 1,200 tons of freight and a good deal more offered but could not be carried. The voyage from Sydney is a long one and a large quantity of coal is consumed en route. Coal cannot be purchased profitably at Honolulu, so that the steamer has to carry a large quantity for use during the voyage. The result is that there is little room for freight. The freight on the Marama was as follows: 133 crates pine and 15 barrels oil.

Speaking of the trip Captain Morrissey said that from Honolulu the weather had been bad. After leaving that port the wind gradually freshened and it became cold. A large sprang up with heavy seas and this made a sort of anti-climax to the voyage, which was not appreciated by the passengers. One day before arrival the vessel ran into a thick fog which prevailed almost until they entered the straits.

Steamer Queen arrived from an excursion to Alaska points yesterday afternoon. She reported having had a good opportunity to see Victoria, the steamer remaining here until about midnight.

Steamer Umatilla, of the Pacific Coast Steamship Company, is on her way to this city and should arrive here tomorrow night. She has a large number of passengers and will leave 45 tons of freight here before proceeding to Seattle.

Steamer Spokane goes north next Saturday morning with a full complement of excursionists on their way to Alaska. They will spend a few hours in Victoria. A number of her passengers are already here enjoying the Victoria scenery until she arrives.

ASKED TO SEARCH
FOR TUG GRAYLING

Little Craft Left Seattle for
Panama and Has Not
Been Heard of.

Seattle, July 28.—Through the Seattle Merchants' Exchange the federal authorities at Washington were to-day appealed to for aid in the search for the missing tug Grayling, Capt. Moore, which is believed to have been lost at sea. The appeal was made by Mrs. Moore, wife of the captain, and she asks that revenue cutters be dispatched to look for the little craft, which her husband undertook to navigate from Seattle to Panama.

The 19-ton tug left this port May 27th and Capt. Moore expected to make the voyage in 25 days, but he had promised to put in at San Diego and send word to his family here. After having been sighted by the steamer Mexican south of Cape Blanco, no word has come from the vessel and friends have given up hope. In addition to Captain Moore, the aboard were: Mate Charles W. Smith, Chief Engineer Peter McQuade, First Assistant Engineer Thomas Kavanagh, Fireman James Clark, E. R. Welsh, steward, and R. J. Lewis, seaman.

STEAMER TEUCER TOOK
OIL AND LUMBER

Large Consignment From Cameron Lumber Co.—Titan Coming.

Steamer Teucer left this afternoon to complete her cargo on Puget Sound after taking on 2,000 barrels of whale oil at this port as well as 100,000 feet of lumber shipped by the Cameron Lumber Company of this city. She may take some more oil from here when she calls on her way to the Orient, August 14th.

Steamer Queen arrived from an excursion to Alaska points yesterday afternoon. She reported having had a good opportunity to see Victoria, the steamer remaining here until about midnight.

Steamer Umatilla, of the Pacific Coast Steamship Company, is on her way to this city and should arrive here tomorrow night. She has a large number of passengers and will leave 45 tons of freight here before proceeding to Seattle.

Steamer Spokane goes north next Saturday morning with a full complement of excursionists on their way to Alaska. They will spend a few hours in Victoria. A number of her passengers are already here enjoying the Victoria scenery until she arrives.

The time used is Pacific Standard, for the 12th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. The height is in feet and tenths of a foot above the average level of the lowest low water in each month of the year. This level is half a foot lower than the datum to which the sounding on the Admiralty chart of Victoria harbor are reduced.

DISTINGUISHED MEN
WHO ARE COMING HERE

Lord Northcliffe to Visit Victoria This Fall—Returning Pressmen.

Victoria is to be visited during the next two or three months by a number of distinguished journalists. Some of the Antipodean delegates to the press conference are returning home by way of Canada. The first to arrive will be Dr. F. W. Ward, the veteran editor of the Daily Telegraph of Sydney. He sailed from Liverpool several days ago and will be in Victoria about the end of the month. Mr. Ward had a hand in establishing the Australian-Canadian steamship line in 1893, and accompanied the first boat to Vancouver. Mrs. Ward accompanies him.

Edwin S. Cunningham, editor of the Argus of Melbourne, and Mrs. Cunningham, and Mr. Mark Cohen, editor of the Evening Star, Dunedin, N. Z., with Mrs. Cohen, will also return home by the All-Red route. They travelled to England last May via Canada. Mr. Cunningham will be in Victoria about September 1st. Theodore Fink of Melbourne, a well known lawyer, public man and journalist, may also go home by way of Canada.

In September Lord Northcliffe, the head of the great Harmsworth newspaper-owning family, will pay an extended visit to Canada, coming through to Victoria. He will be accompanied by J. L. Garvin, editor of the London Observer, and the writer of the monthly chronicle in the Fortnightly Review, one of the most brilliant political writers in England. This will be Lord Northcliffe's first visit to western Canada.

Another distinguished English journalist who will be here in August is Dr. L. S. Amery of the London Times. He will attend the meetings of the British Science Association, and will then tour through the Dominion. Dr. Amery has just completed the sixth and final volume of the "History of the South African War." He has twice stood for parliament in the Unionist interest, missing election in the recent Wolverhampton, by-election by only eight votes.

F. A. Mackenzie, special correspondent of the Daily Mail, is now en route to Canada, in furtherance of the Daily Mail's agitation looking to the awakening of interest of the British merchants and manufacturers in the Canadian market. He will visit the whole Dominion, and will write a series of letters upon Canadian trade openings for British goods. Mr. Mackenzie was the Mail's war correspondent with the main Japanese army in the Russo-Japanese war.

Bishop Taylor-Smith, Chaplain General of the British Army, has kindly given us permission to publish state that he has at various times ordered supplies of Mother's Milk and Train Sick Remedy and that he has found it most effective.

Recommended editorially by such papers as London Daily Express and the press generally in Great Britain. Analyzed by Sir Charles A. Cameron, C. B., M. D. Guaranteed perfectly harmless and if not satisfactory money refunded. Write for booklet, press notices and testimonials from prominent people. For sale at all first-class druggists, or send direct to Mother's Milk Remedy Co., 27 Cleland Bldg., Detroit, Michigan, 19 St. Bridge St., London, E. C.

Navigation is now open on the Yukon River and Lakes. Connections are made both freight and passengers. At Caribou for Atlin; at White Horse for Dawson and intermediate points, and at Dawson for Fairbanks and points on Lower River. For further information apply to Traffic Department, WILLIAMS BUILDING, VANCOUVER.

HOLD IN SEATTLE?Lawyer Thinks They Will Not
Because Couples Are
Evading Law.Seattle, July 23.—Are marriage con-
tracts made in Canada to avoid the re-
strictions of the marriage laws of
Washington, valid? This question is
likely to be brought into the courts for
settlement in a short time.At the last session of the legislature
marriage laws were passed designed
primarily to secure revenue to the
counties, and incidentally to prevent
the hasty marriage of irresponsible
young people. The hasty couple, how-
ever, have found it cheaper to travel
over to Canada, and the counties are
losing money on the marriage business.
Thus the law falls in both of its in-
tents.One of the most important lawyers
in the state to-day told the United
Press that these "made-in-Canada"
marriages were undoubtedly void from a
legal standpoint, and cited the de-
cisions of a number of southern courts
to prove his assertion that a marriage
of a citizen of one state in another
state to avoid restrictions of his home
state is void.If the question is taken into the
courts it will be watched with great
interest here, as scarcely a day passes
but a half-dozen couples leave Seattle
to be married in Victoria.The China Sea and the Bay of Fundy
are the two roughest seas in the world.

HOME WEDDING

YESTERDAY AFTERNOON

Mr. John S. Fowler and Miss
Sherratt Joined in
Marriage.A pretty wedding took place at four
o'clock yesterday afternoon at the
home of Mrs. Sherratt, 61 First street,
when her second daughter, Miss Sarah,
was united in marriage with Mr. John
Spencer Fowler, recently of Liverpool,
Eng., Rev. C. Burnett, of First Baptist
church, officiating.The bride, who was given away by
her brother, Mr. William Sherratt, wore
a lovely wedding gown of white net
over tulle, with veil and orange bloss-
oms and carried a bouquet of bride's
roses. She was attended by the Misses
Ray and Kathleen Jones, in dainty
bridesmaid dresses of dotted white
Swiss muslin and picture hats. They
carried bouquets of pink carnations.
Mr. George Sherratt supported the
groom.The drawing room was prettily de-
corated for the occasion in white and
green, and the ceremony, which was
witnessed by a large number of friends,
took place beneath a floral bell. The
dining room carried out an effective
color scheme of pink and green, by the
lavish use of sweet peas and ferns.
Immediately after the ceremony a wed-
ding breakfast was served.
The honeymoon will be spent in Van-
couver and Seattle. The bride will
travel in a tailored suit of Copenhagen
blue cloth with white flowered hat. On
their return Mr. and Mrs. Fowler will
make their home for the present with
the latter's mother on First street.
The bride was formerly well known
in Winnipeg musical circles, being for
a number of years contralto soloist in
the Central Congregational church there.W. C. T. U. DAY AT THE
SEATTLE FAIR TO-DAYMembers of the Union From
All Over Continent Gather
To-day.Seattle, July 23.—Advertised as the
first "dry" exposition in the history of
the nation, the A.-Y.-P. fair is to-day
being visited by hundreds of members
of the W. C. T. U. from every part of
the United States to celebrate tem-
perance day. At the W. C. T. U. booth
in the Manufacturers' building, mem-
bers of the temperance organizations of
nearly every state in the union have
registered the past two days.
Mrs. Margaret Dye, national su-
perintendent of the union, is in the city
and is the principal speaker at the
meeting this afternoon. The meeting
was preceded by a parade on the fair
grounds, in which 4,000 children of the
Royal Temperance Legion took part.

PANTAGES THEATRE.

The offering this week at Pantages
theatre is another evidence of the high
class character of the attractions which
are now to come here from the Lois
vaudeville house in Seattle.In Ansel and Dorian a team of excel-
lent hand-balancers are seen in many
marvellous turns. The Chartress Sisters
in singing and whistling numbers have
an endless variety to offer and show
wonderful diversity in their offerings.
Mayo and Rowe's comedy sketch,
"Kitty's Letter," is a laughable little
playlet. Adelaide Rogers in the pic-
tured ballad and the biograph complete
an excellent programme.

BERNARD SHAW COMING.

New York, July 23.—It is now fully
believed that George Bernard Shaw,
the Irish playwright whose creations
have caused so much comment in this
country and abroad in the last few
years, will visit America before the
year is out. A brief cablegram was re-
ceived from J. Edes Bow, head of the
International Association of the Unem-
ployed, saying that Mr. Shaw was sure
to come.

"ONLY SIX WEEKS TO LIVE"

Constipation, Biliousness, Indiges-
tion, Rheumatism.A Dying Woman Rescued Through
the Timely Use of
Dr. Hamilton's Pills."My doctor told me I had only six
weeks to live—that nothing human
could help me, but to-day I am hearty
and well, because I took a long treat-
ment with Dr. Hamilton's Pills—they
saved my life."Continuing her declaration, Mrs.
Jamieson says: "I had from childhood
been a sufferer from biliousness and
liver complaint. I suffered excessively
from wind and could not eat my food
without feeling ill afterwards. Some-
times I was so bad I couldn't stand up
straight for the pain. The wind set-
tled in my stomach, chest and sides,
and always caused blinding headaches.
At times I seemed one mass of aches
and pains—I became rheumatic be-
cause my blood was so poor. The bene-
fit I received from the first box of Dr.
Hamilton's Pills encouraged me, and I
continued their use, three to five pills
a week, for several months, and was
brought to the most perfect condition
of health."If you suffer from constipation, flatu-
lence, indigestion, palpitation, anaemia,
headaches, nervousness, sleeplessness,
depression general debility, loss of ap-
petite, liver and kidney troubles, acute
and chronic dyspepsia, or any form of
stomach and digestive weakness, you
may look with certain hope for a com-
plete cure by the use of Dr. Hamil-
ton's Pills of Mandrake and Butterbur.
Safe, mild and sure to cure. Price 25c
per box, or five boxes for \$1.00 at all
dealers or The Catarthone Company,
Kingston, Ont.

AND
MITCHELL

1017-10-21 GOVT. STREET

SOCIAL AND PERSONAL

J. McPhee, of Cumberland, is in the
city.Mrs. Bell, of Winnipeg, is at the Oak
Bay hotel.D. R. Johnson, of Dunsmuir, is paying
a visit to Victoria.Mr. and Mrs. Percival R. Brown has
gone to Portland and Seattle on a visit.Mrs. Isabel C. Armstrong, of London,
Ont., who has been the guest of Mr.
Baptist, has left for Vancouver.V. S. Vaughan Williams has returned
from the Queen Charlotte Islands,
where he inspected a number of prop-
erties.The marriage took place Wednesday
last at Grand Forks of Mr. Arthur
Austin and Miss Marion Hodges,
daughter of Mr. and Mrs. A. B. W.
Hodges.Duncan Anderson, of the department
of agriculture at Ottawa, is in the city
again. He is looking over the island for
available sites for the experimental
farm to be established.Miss McDonald and Miss Tait, of
Vancouver, are paying a visit to Mr.
and Mrs. Wm. Ross, of Johnson street,
and also taking in the beautiful sights
in and around Victoria.

NEW GRAND THEATRE.

That John J. Cain is the most seri-
ously funny man that has ever come to
Victoria is demonstrated nightly when
he appears at the New Grand theatre
with William Mitchell in "The French-
man and the Other Fellow," a singing
and talking effort that is immense and
has convinced every audience this
week.J. K. Emmett and Viola Crane tell a
honeymoon story in which "Artie's
Dream" of what took place during the
honeymoon, six months after marriage
forms a laughable contrast. Humor
scintillates throughout the fabloid com-
edy, but the whole remains an artistic
production. Emmett's solos are an
added attraction to the piece.Barry and Johnston, with a travesty
presenting many characters, all humor-
ous, take with all audiences. These ar-
tists are world-renowned and have
won their position in vaudeville by
honest effort. Their turn is something
new and witty, while a break on the
mayor is cleverly introduced.The Clarence Sisters bring with them
from Australia an act that merits re-
cognition among the best vaudeville
work. With their own scenery and
three stage changes they give a clean
entertainment concluding with a skip-
ping feature that is exceptionally well
done in many fancy steps.Thomas J. Price singing "Sweetheart
Won't You Come With Me to Dream-
land?" gets him rousing applause, and
two good moving pictures and Musical
Dale, who is the world's champion bot-
tle player, make up a sterling show for
the week. Matinee will be given as
usual with two shows at night all the
week.

GORGE PARK.

That the efforts of the Gorge park
management have been appreciated,
was shown last night by the enthusi-
asm of those who were there to wit-
ness the serial display of Madame No-
ville, who has been engaged for the
week. Her performance consists of the
serpentine dance and is presented in
full detail.There are also five motion pictures
running each night in company with
the big attraction, and the Gorge is
the most popular outdoor place of
amusement in consequence. The pic-
tures are Light Housekeeping, Lucy's
Telegraph Code, The Strong Teaser, The
Bashful Young Man, and the Mountain
Mystic.

WOMEN AS JURORS

THE LATEST DEMAND

Agitation in Quaker State for
Right to Sit on
Juries.Down in Pennsylvania the women
are agitating for the right to serve on
juries; and though the men as a rule
do not want them to win this privi-
lege, it is a noteworthy fact that few
men ever want to do jury duty them-
selves. It is not because the women
threaten to do them out of a desirable
job that the men are denouncing the
proposal, but because they believe the
women to be constitutionally and tem-
peramentally unqualified to discharge
this office. As usual, there are some
apostates to the sex who side with the
men; and there are a few men who side
with the majority of the women, thus
tempering the tone of what would be
otherwise a "sex war," to use the fel-
lows phrase of Toronto Suffra-
gette, says the Mail and Empire.Some of the Suffragette leaders are
inclined to discourage the agitation, on
the ground that it leads women away
from the single goal toward which all
should be struggling, namely, the suf-
frage. "Wait until you can vote, and
then you can vote yourself this right,
any time you wish it," is the sub-
stance of their argument; while the
others are willing to take a crust in the
meantime, and wait for a full meal
more patiently. A prominent Pitts-
burgh Suffragette, quoted by the Dis-
patch, asserts that men are too ten-
der-hearted to enter where women are
on trial; and that "female criminals"
will never get their deserts until the
jury is composed of women. It is
amusing to hear women clamor for the
right to vote on the ground that men
are prone to disregard their interests,
and at the same time pleading for a
place on the jury because men are too
soft-hearted where their sex is con-
cerned. However, no married man will
say that this is not typical of woman-
kind. As a matter of fact, men can
sometimes be stern enough with
women criminals, as the recent verdict
rendered in the Helen Boyle case
proves.Mrs. Rachel Foster Avery, pres-
ident of the Pennsylvania State Suf-
frage Association, says that imme-
diately after the women of Wisconsin
were enfranchised, in 1893, they were
drawn on the juries. The man who
empaneled the first jury upon which
they sat was very doubtful of the re-
sult of his experiment; but twenty
years later he boasted of his act. Up
to the date of the first murder trial
in which women sat not a single ver-
dict of guilty had ever been brought
in; but the wives and mothers of the
territory did not flinch from their duty,
and the gallows trees blossomed, as the
poet says, with the heads of the
condemned.In Paris there has been for some
years a jury of women sitting upon
every case in the criminal courts where
a woman or child is on trial. This
"Jury Feminine" is not official, and has
nothing to do with the fate of the ac-
cused person.Its verdict is not handed to the
judge, but to the newspapers, together
with an account of the reasoning that
led up to it. The idea is to show the
public the feminine point of view
upon cases where women or children
are concerned. Often the verdict coin-
cides with that of the regular jury;
sometimes there are slight differences,
and sometimes violent opposition.
Those who think that the perform-
ances of the Paris jury of women
prove the fitness of women to serve on
juries should remember that there is
some slight difference between heat-
ness and despatch in a fire drill and
serve, and discipline in a fire. The
women's jury is without the sense of
responsibility that weighs upon the
men. When the verdicts of the two
juries coincide it is manifest that the
men are right, and that justice can
be done without the assistance of the
ladies. When they disagree, it would
surely be unwise to assume that the
irresponsible jury has come nearer the
mark than the responsible body, on
whose findings a life may depend.One of the court stenographers of
Pittsburg is a woman, and she says
that women differ from men in men-
tality and temperament, and are more
likely to be prejudiced on the one
hand, or swayed by intuition or emo-
tion on the other. "Judging by my
many years of court experience," she
says, "I do not think women would
make as desirable jurors as men."
However, as there are women lawyers
and women criminals, the case for
women jurors and judges may be con-
sidered a reasonable one. But as all
women are not qualified to be lawyers
or criminals, neither are all of themqualified to be jurors and judges.
Neither are all men, it is true. The
question is one of selection. How are
the proper women to be drawn on the
juries? If the ladies would only show
us how to get the right men on the
juries now, they would be doing a
great public service. As it is, we have
to sort over a bushel of chaff to find a
dozen grains of wheat. Would it sim-
ply our problem to have another ton
of rubbish and a handful of grain
dumped down on the jury list? Perhaps
the International Council of Women
will supply the answer.

INDIAN HEIRESS ELOPES.

Tacoma, July 23.—Sixteen-year-old
Grace Stanup, daughter of Chief
Stanup of the Puyallup Indian tribe,
has eloped with John Andrews, a Kan-
aka from Honolulu, according to a war-
rant which has just been issued here
for Andrews' arrest at the instance of
the girl's guardian, Jerry Meeker.
Meeker says the girl owns \$5,000 worth
of land, an automobile and has \$9,000 in
the bank. The couple disappeared Sun-
day and are believed to be headed for
Portland or British Columbia.Mistletoe is a European plant, growing
parasitically on various trees. The Druids
venerated it, especially when found on
one oak. It is common enough on apple,
pear, hawthorn, maple and lime trees.St. Margaret's College

SCIENTISTS TO MEET IN MONTH

GREAT GATHERING
HELD AT WINNIPEG

Papers Will Be Read and Dis-
cussed on All Kinds of
Subjects.

On Wednesday, August 25th, the
British Association for the Advance-
ment of Science will meet in Winni-
peg, this being the third meeting held
in Canada. Twenty-five years ago
the first meeting of the society was
held in Montreal, and thirteen years
later the association met in Toronto.
In 1886 the association met in South
Africa. It is expected that about 1-
500 members will attend the meet-
ings in Winnipeg next month. The Do-
minion government has contributed
\$25,000, and the city of Winnipeg \$5-
000, toward the expenses of the meet-
ings. The delegates include the best
known men of science in the British
Empire. Sir Joseph J. Thompson, F.R.
S., Cavendish professor of experimen-
tal physics at Cambridge, will pre-
side over the meetings. In his open-
ing address he will refer to the im-
portance of original research as a
means of education, the advantages
and disadvantages as a training for
work in science of the systems of
education now in force in British
schools and universities. He will
deal with the light thrown by recent
investigation on the nature of elec-
tricity; on the relations between mat-
ter and ether, and the part played by
the ether in modern physics; and a
discussion of some problems raised
by the discovery of radium.

Several sections will hold simu-
laneous meetings, and valuable sci-
entific information and discovery will
be discussed in each section.

In the section of mathematical and
physical sciences, over which Prof. E.
Rutherford will preside, there will be
a discussion of the president's address
on the present position of the atomic
theory of matter. One of the most
important features of the section will
be a discussion on "Earth Tides," to
be opened by Prof. A. E. H. Love,
F.R.S., Prof. R. S. Dungey, and
Prof. J. H. Van Vleck. The section
will also show some new photographs of Jupiter, and
Prof. E. Barnard will exhibit his
comet photographs.

The presidency of the chemistry
section will be taken by Prof. H. E.
Armstrong. One day of the meeting
will be devoted to the chemical sec-
tion—a joint meeting with botanists
and agriculturists for the purpose
of discussing various problems in con-
nection with wheat, including the
qualities of soil affecting its growth,
manures, climate, breed and chemical
characteristics. Prof. A. Smith, of
Chicago, and Dr. Lowry will read
papers on physical-chemical subjects.

Dr. H. Smith Woodward, in the
geology section, will read a paper on
the general features in the evolution
of backboneed animals, as revealed by
fossils. Mr. Herbert Bolton, F. G. S.,
of the Bristol Museum, will give an
account of the New Faunal horizons
in the Bristol coalfield. The reports
on the fauna and flora of the British
Isles will be illustrated by stereopho-
ton views. Papers will be given also
by Dr. A. Hutchinson, M.A.; Dr. D.
Woodcock, Prof. W. S. Boulton, and
Prof. L. Cayeux, of Paris, as well as
several prominent Canadian scien-
tists.

Prof. W. G. Miller, provincial geol-
ogist, has arranged a trip to Cobalt
and Sudbury, and Dr. J. W. Spencer
will take the party to Niagara Falls.

The address of Dr. A. E. Shipley,
president of the section devoted to
zoology, will deal with the centenary
of Darwin's birth; the rapidly decreas-
ing fauna of the earth, and the re-
sults of the international North Sea
investigations. Papers will be read by
Prof. Jungersen, of Copenhagen; Mr.
E. S. Goodrich, Mr. C. Rousselle, and
Mr. Marett Times.

Col. Sir Duncan Johnson will pre-
side over the geography section, and
will give an address on "Topographical
Surveys and Maps." Mr. Arthur
Wheeler, president of the Alpine Club
of Canada, will give an address on
"Some Characteristics of the Canadian
Rockies"; Prof. A. P. Coleman, of To-
ronto, will describe the Yellowhead
Pass and Mount Robson, the highest
peak in the Canadian Rockies; while
Prof. W. H. Hobbs, of Michigan
University, will give a paper on "The
Cycle of Alpine Glaciation." Other
papers will be on "The Evolution of
Wheat Culture in North America," by
Prof. A. P. Brigham; "Water Routes
from Lake Superior to the West," by
Mr. L. J. Burpee, of Ottawa; "The
Influence of Trade and Transportation
upon the Framework of Cities," by
Mr. Geo. E. Hooker, of Chicago; "Sec-
ondary School Geography in the
United States," by Prof. R. E. Dodge,
of Columbia University; and "The
Development of Nantucket Beach, Near
Boston," by Prof. D. W. Johnson, of
Harvard.

Hours of Labor. "The Hours of Labor" will be the
subject of the address to be given by
Prof. S. J. Chapman, president of the
section devoted to economic science
and statistics. Dr. Bonar, master of
the mint at Ottawa, will read a
paper on the "Gold Coinage of Brit-
ish Columbia"; Prof. Shutt a paper on
"Industrial Arbitration"; and Mr.
Stubbs-Maitland, a paper on a subject
connected with the aggregation of
population in centres of industry.

Are You Furnishing a Home?

Come Here First

FEW things are more conducive to your
home comfort than the furniture
and furnishings of your home. The buying
of these is a very important matter. You
must live with the carpets, the curtains
and the furniture, so exercise care and
good judgment in the choosing. Then, too,
you don't want to be continually refur-
nishing, so see that the quality is right.

The best possible selection of practical
home comforts is to be found in our offer-
ings. The cost is the fairest. In a few
isolated instances "bait" prices may be
lower, but on the whole bill our offerings
will average less and then its guaranteed
quality against uncertainty.

If you are contemplating the furnishing
of a new home or the re-furnishing of the
present one you should visit this estab-
lishment and investigate the offerings.
You'll be money in pocket.

Stylish Lounge \$14

Fresh from our own factory—a lounge
at a popular price. Made in the
"Weiler Way" from the best mater-
ials. Upholstered in a pretty green
and red tapestry that'll stand lots of
hard wear. But then the fact that this
is a Weiler-made article is
enough guarantee of its goodness.
Priced at \$14

UNUSUALLY GOOD VALUES IN UNUSUAL CURTAINS

LACE CURTAINS add greatly to the attractiveness of any home and they are one of the first items of
the home furnishings that is noticed by the visitor. It's important then that these are correct. We
make it an easy matter for you to brighten up the home with new lace curtains for we offer you a superior
range of curtain styles at prices so low as to allow every home to put up new ones. We have had long
experience in the buying of curtains, and you profit in this for our experience has taught us where to buy
to best advantage in respect to both quality and price.

Come in and see what dainty curtain styles we can offer you at these prices:

NOTTINGHAM CURTAINS, pair, from... 75c	SWISS LACE CURTAINS, pair, from... \$5.00
BOBBINET CURTAINS, pair, from... \$3.75	IRISH POINT CURTAINS, pair, from... \$6.50
NOVELTY BRAIDED CURTAINS, from... \$5.00	BON FEMME CURTAINS, each, from... \$4.00
	VENETIAN POINT CURTAINS, pr., from... \$12

suite in mahogany finish. Dresser has
2 large drawers and large oval bevel
mirror of best quality. Highly polished
top. Stand to match. Two pieces
for \$40

Tourists and Visitors

TOURISTS and visitors to the
city are reminded that a
hearty welcome awaits them at
this store. You are welcome to
come whether to purchase or to
just "look."

You'll find here a wealth of
splendid souvenir items—items
you won't find on the United
States side of the "line." Dainty
china pieces at all prices here
and drapery materials from the
Old World—things that a high
United States protective tariff
excludes from that country.
They cost little here. Come in.

Let Us Repair Your Old Furniture—Make It New Again

LET OUR upholstery staff demonstrate to you how easy it is to make the old furniture "new"
again. In many instances it only requires the addition of a new covering, sometimes a new
spring or two, to make the old pieces good as new. None but men of many years' experience in this
class of work are employed in our upholstering department, and we guarantee you satisfactory work,
prompt service and a fair price for good work. We stock a very complete stock of furniture cover-
ings and a wide latitude is offered in the matter of pattern, color and price. Why not try us with an
odd piece?

pology and physiology, and will speak
on "The Influence of Anthropology
on the Course of Political Science."
Miss Breton will speak on the latest
researches in Mexico and Central
America. Dr. Harry Piers, of Halifax,
will deal with the present knowledge
of the natives of Nova Scotia. Prof.
E. H. Starling, of University College,
London, will speak on physiology. A
joint discussion with the chemical
section will be held on food, with
particular relation to the supply of
grain and other foodstuffs from
Canada. A discussion has been ar-
ranged also on anaesthetics.

Botany and Agriculture.
The section on botany and agri-
culture will be an important one.
Lieut.-Col. D. Frazer will preside, and
contributions have been promised by
Dr. H. C. I. Fraser, Prof. Buller, Prof.
H. C. Cowles, of Chicago; Prof. R.
H. Yapp, and several other Canadian
and United States botanists.
Dr. H. B. Gray, warden of Brad-
field College, will preside over the
section devoted to education, and will
speak on the "Educational Factors
of Imperialism." Mr. W. M. Heller,
Dr. C. W. Kimmins, Mr. J. G. Legge,
Mr. W. Hewitt, Prof. R. E. Dodge, of
Columbia University; and Mr. G. G.
Crisholm, of Edinburgh University,
will also speak.

ing, more numerous than usual, will
be given by Dr. A. E. H. Hutton,
Prof. Herdman, Prof. H. B. Dixon,
and Prof. Poynting.

SUICIDE PACT OF FACTORY EMPLOYEES

Sought Death as End to
Earthly Woes and Daily
Grind.

Cleveland, O., July 28.—A club com-
posed of disheartened factory employ-
ees, advocating suicide as the only
means within their reach of attaining
the peace of mind they crave and to
escape the torments of their daily
grind, is believed to exist here.

LORD CHARLES COMING.

Toronto, July 28.—Lord Charles
Berkeley, whose recent speeches in
England on the navy have aroused so
much discussion, is to sail from Liver-
pool on August 20 by the Allan liner
Virginia. His lordship, who will be ac-
companied by Lady Berkeley, is to at-
tend the exhibition to be held here.
